

1978
AQUILIAN

Sonia -

Well - you sure laugh alot!

Dear Sonia,
Haven't been interested
physics. Trip was interesting. Hi!
Also, I hope you have a lot of fun.
And a lot of luck.

Love

Chris

mol

Dear Sonia,
We sure had fun
listening to Mr. Deitch's
college lectures, huh? I
think we oughta pay that
guy a visit one of these
days! Since you don't live
too far away, I hope we'll
stay in touch. I'll miss your
bright big eyes and big smile
next year. Always keep your
jovial personality. I love it.
Good Luck, May all of your
Dreams be accomplished!

'78' Love,
Kathy Sutton

GRADUATION

WE OPEN THIS YEARS
AQUILIAN WITH A TRIBUTE
TO THOSE WHO HAVE
PRECEDED US.

Mr. Pearson speaks at graduation

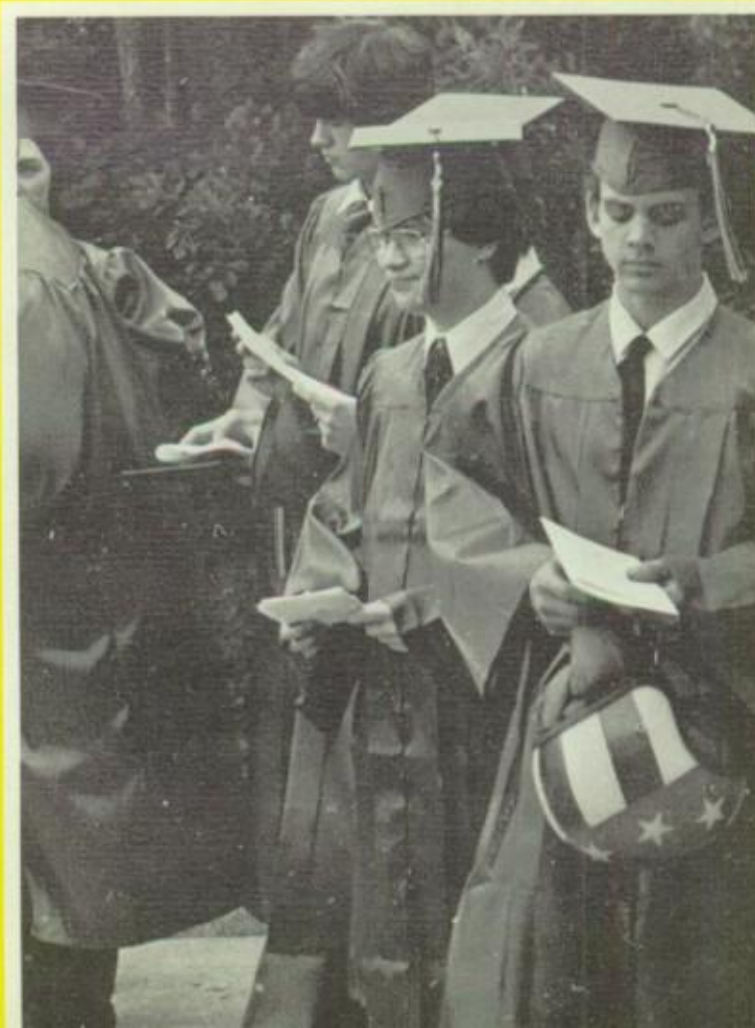

This says it all

The Class

Frank and body guards

Will I have to ride sidesaddle?

Steve and Sue

Larry and Lib

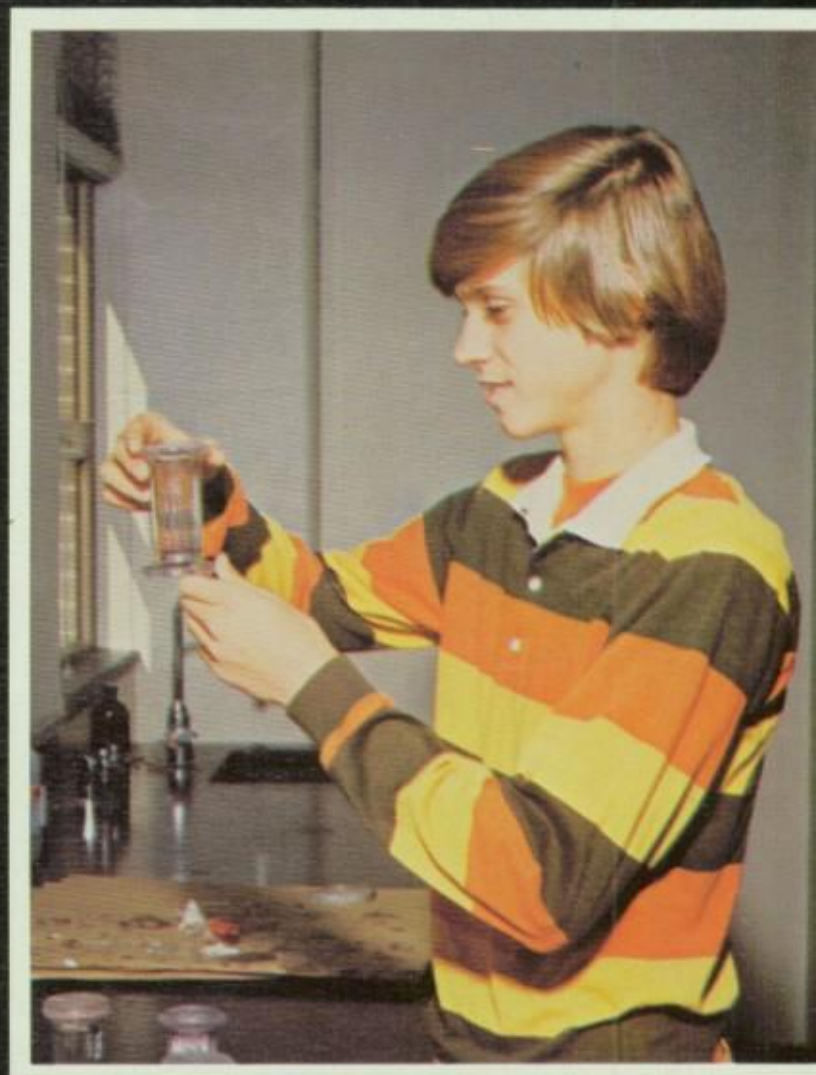

Kirsten and . . . Mr. XI?!

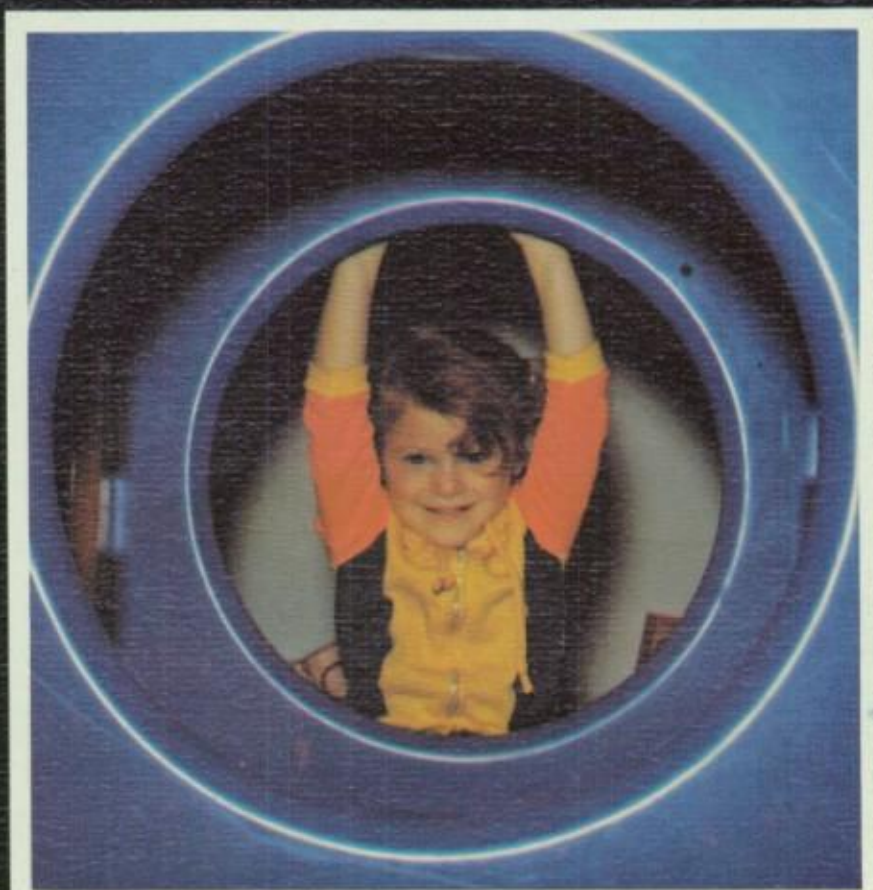

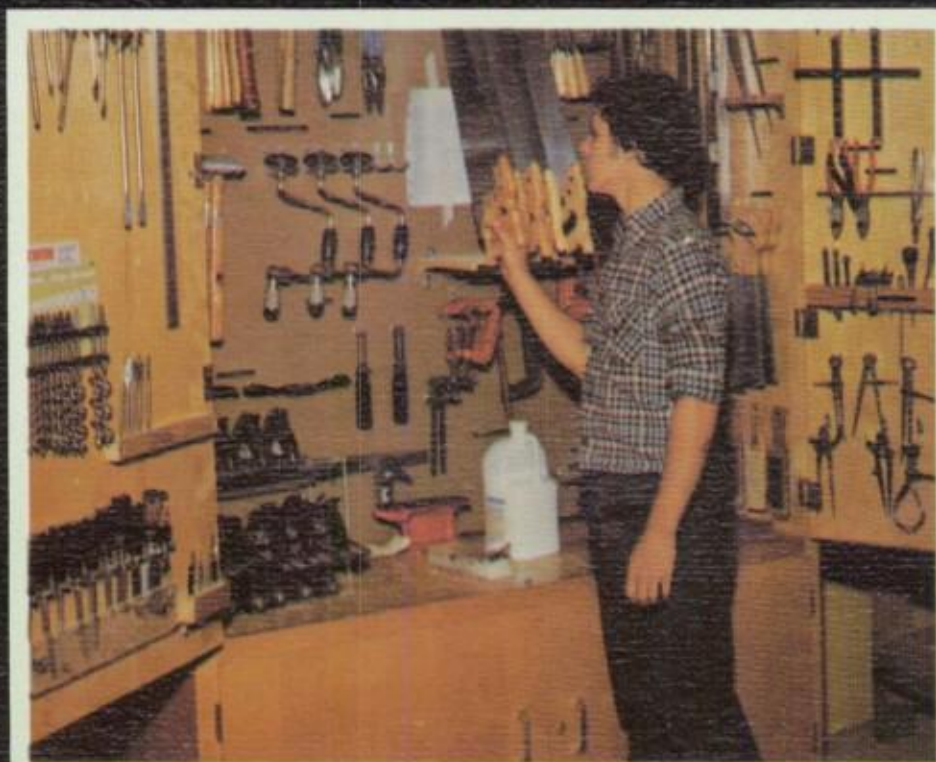

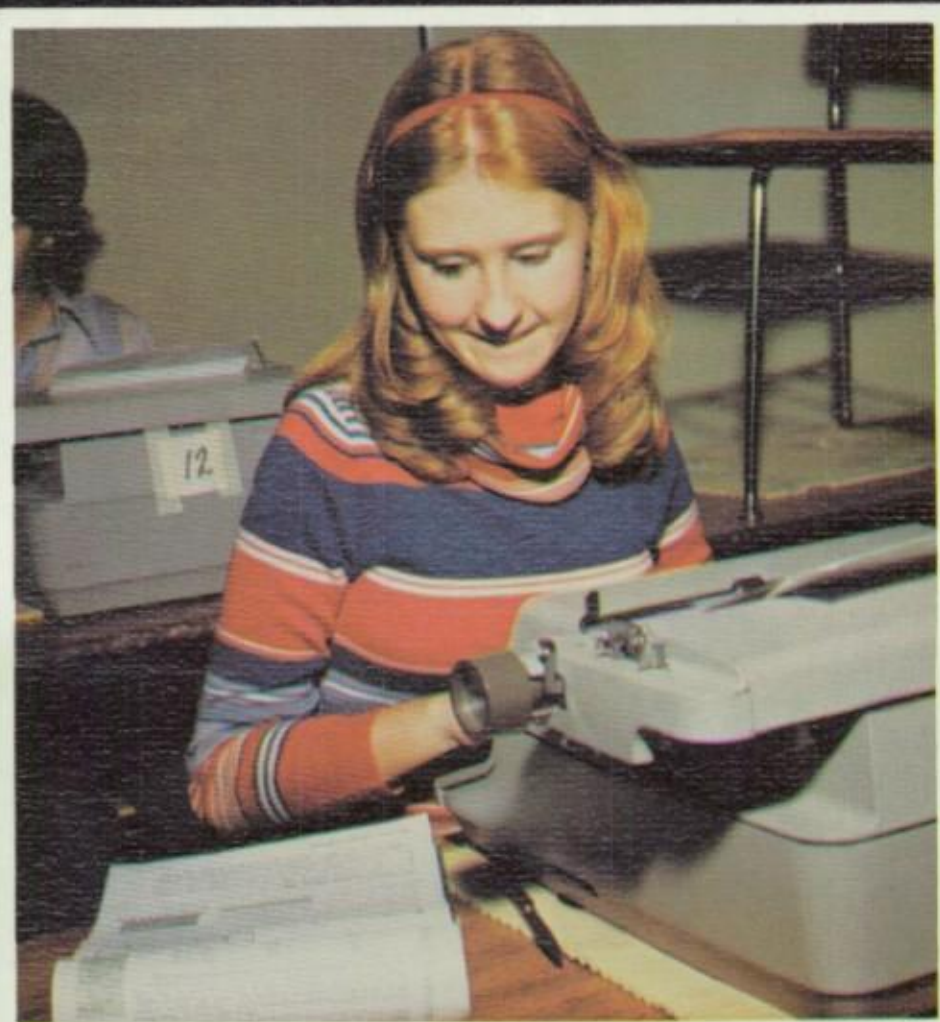

Luanne has ideas!

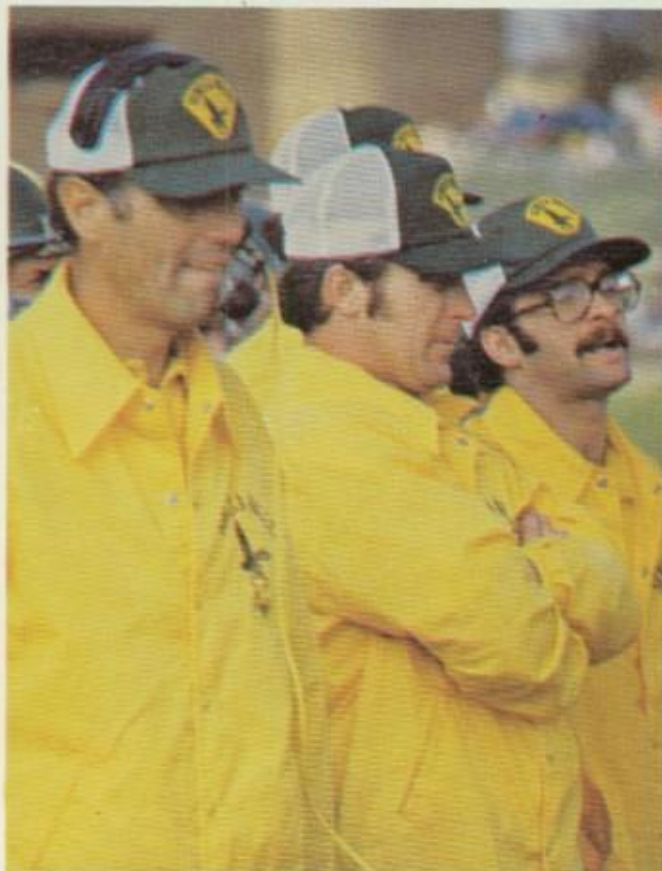

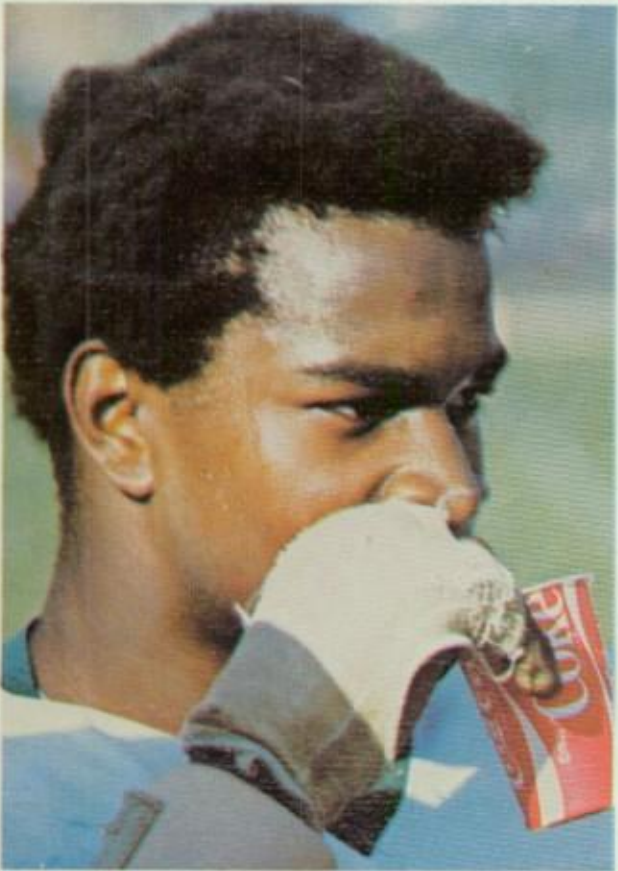

THE PROM

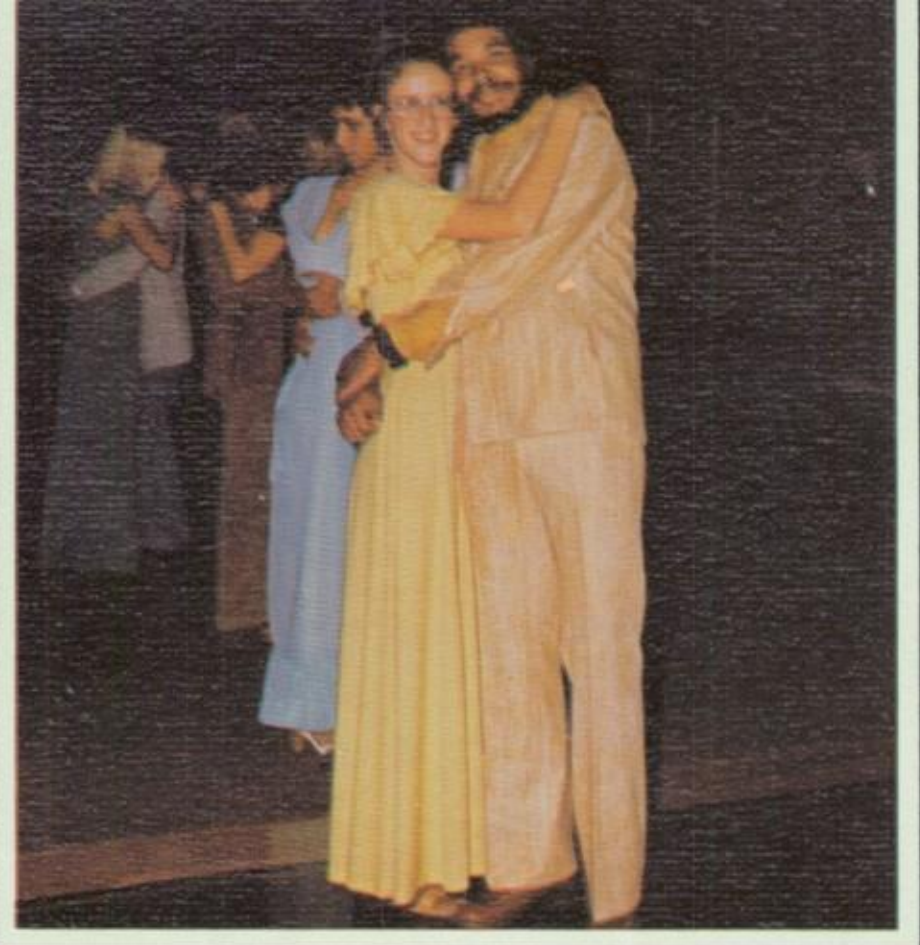

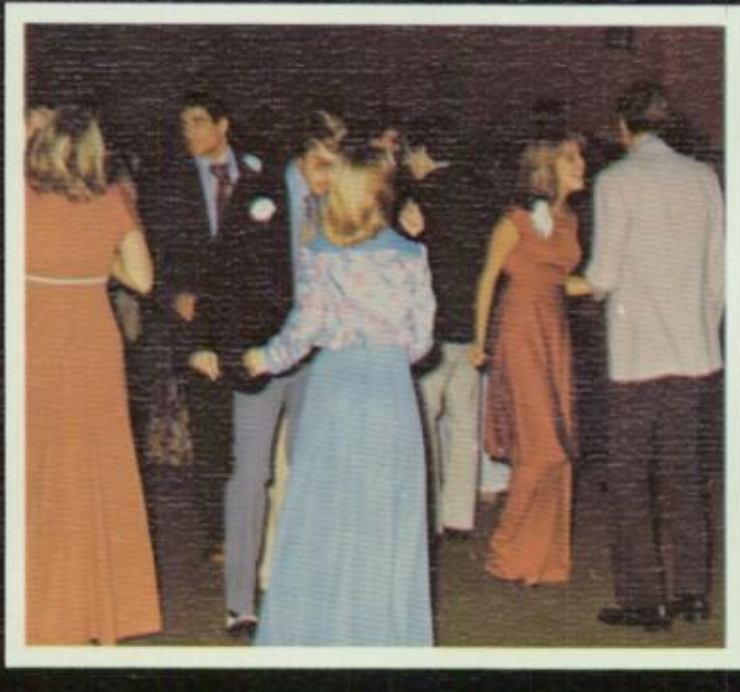

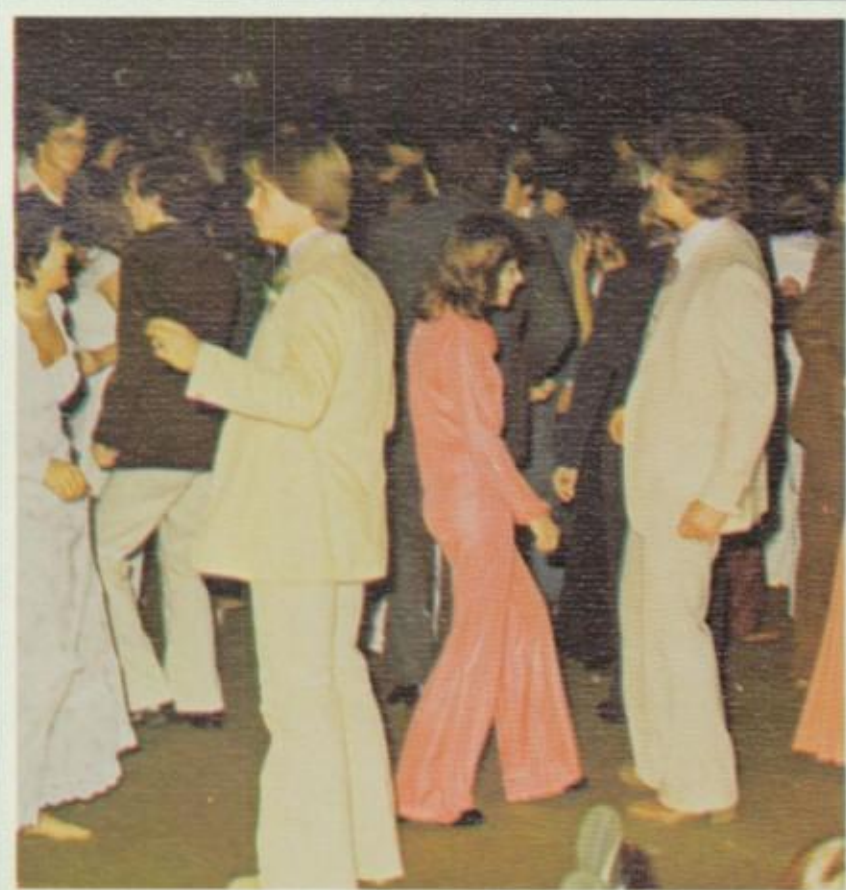

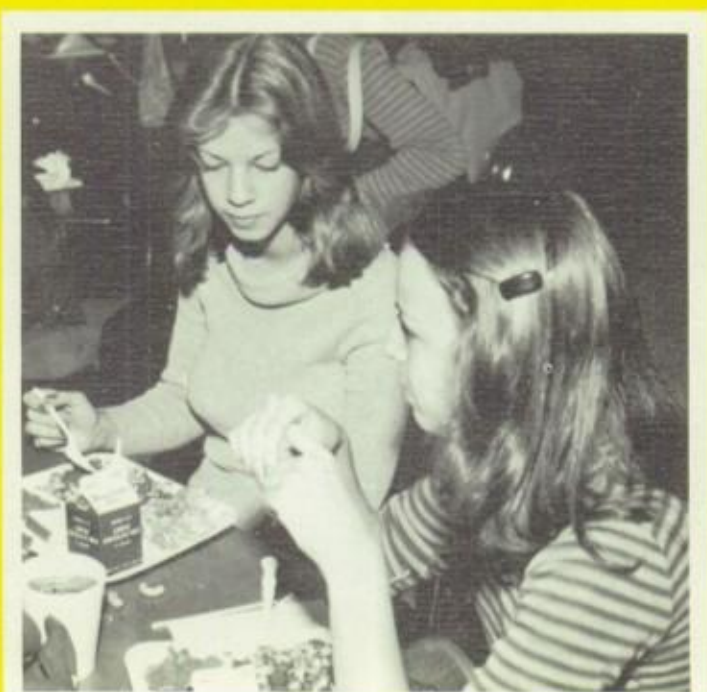

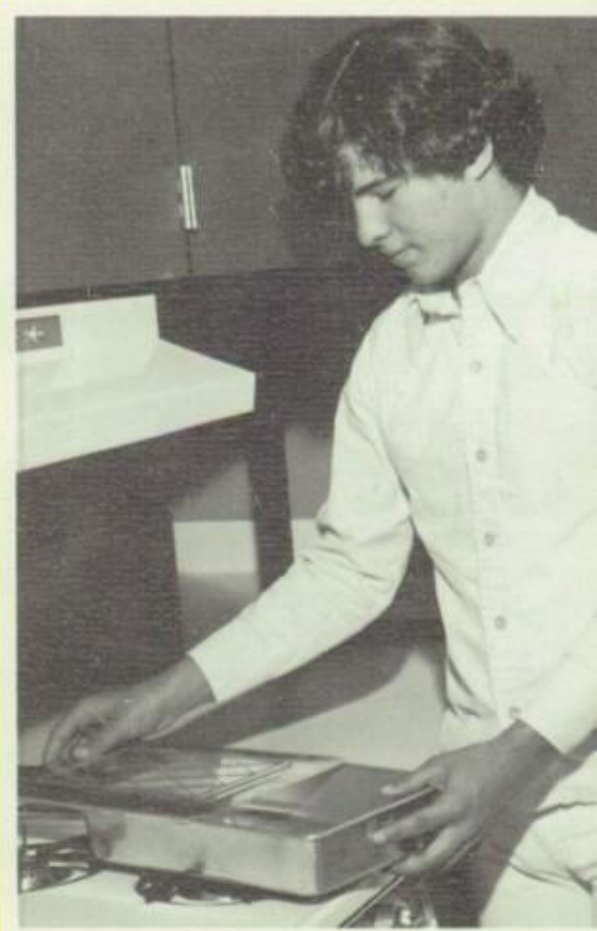

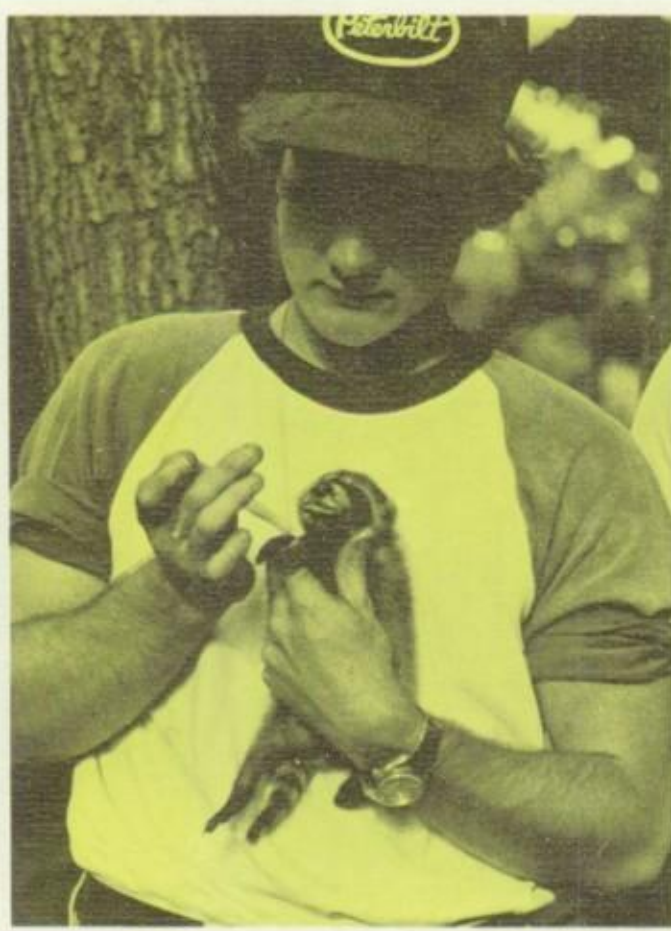

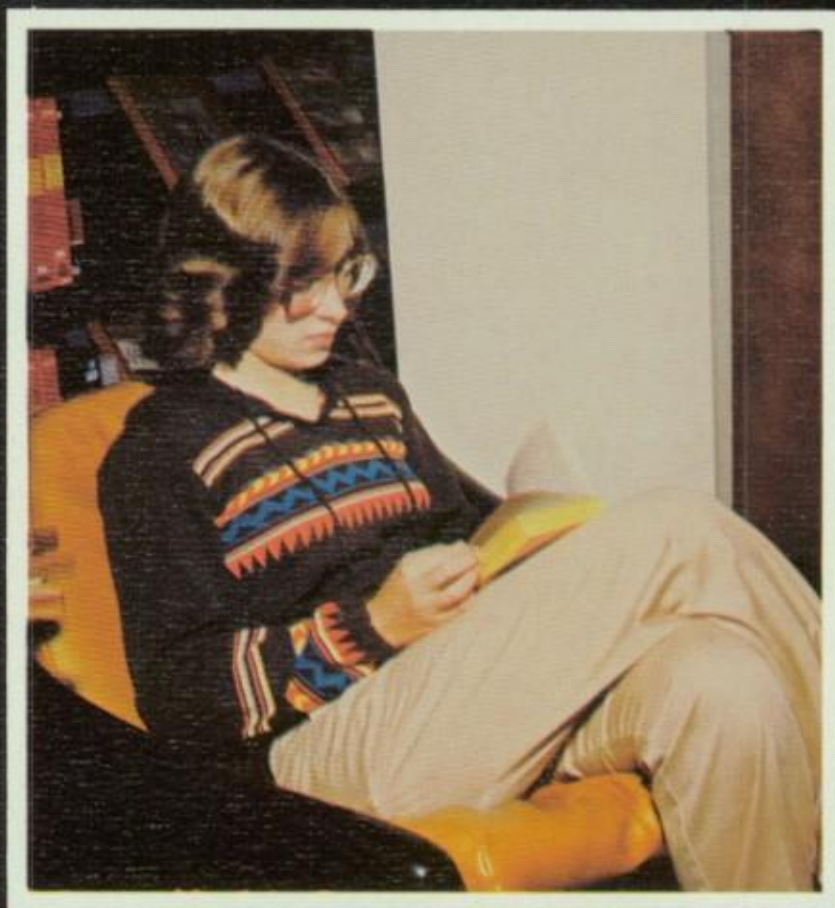

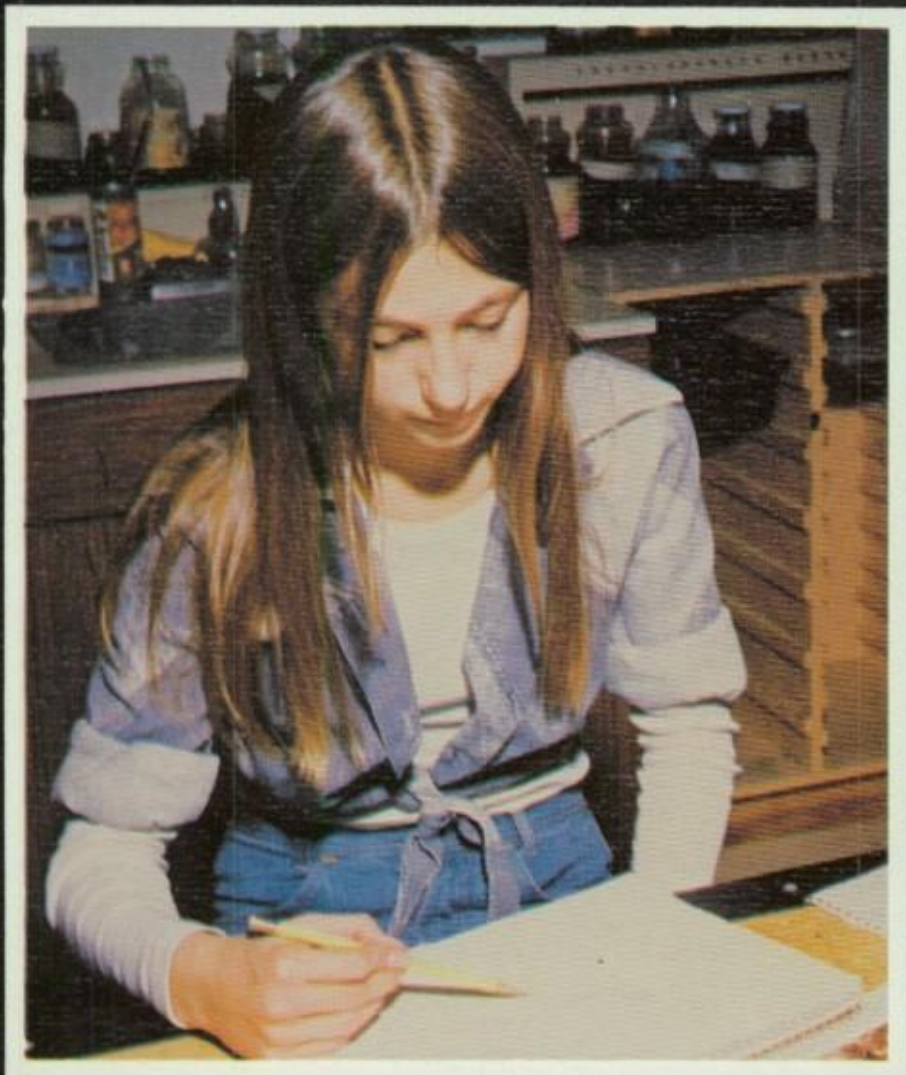

HOMECOMING

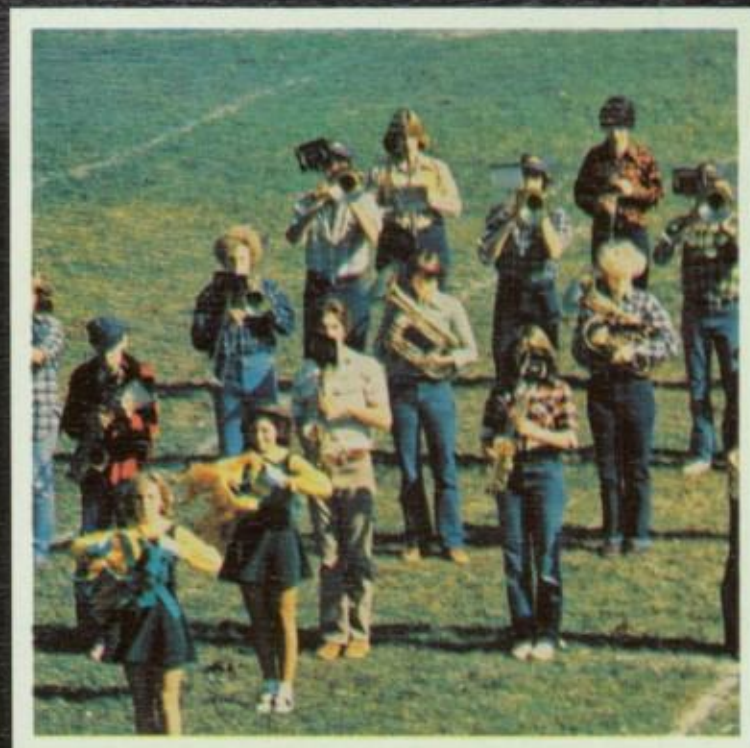

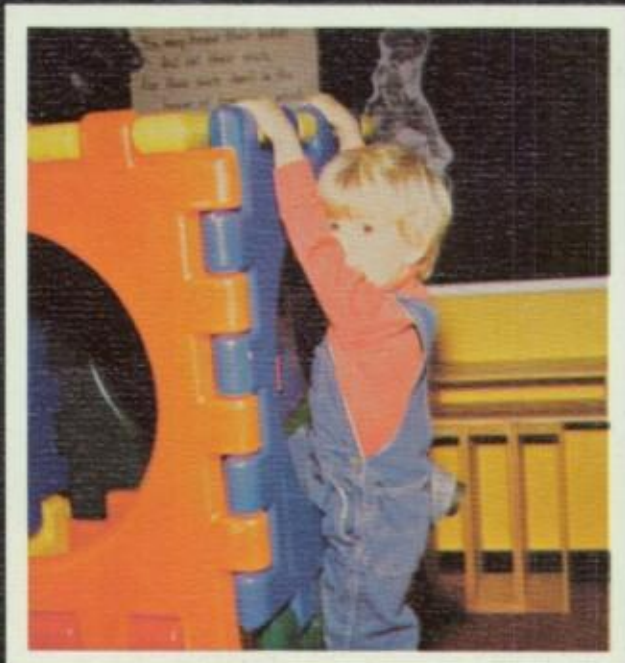

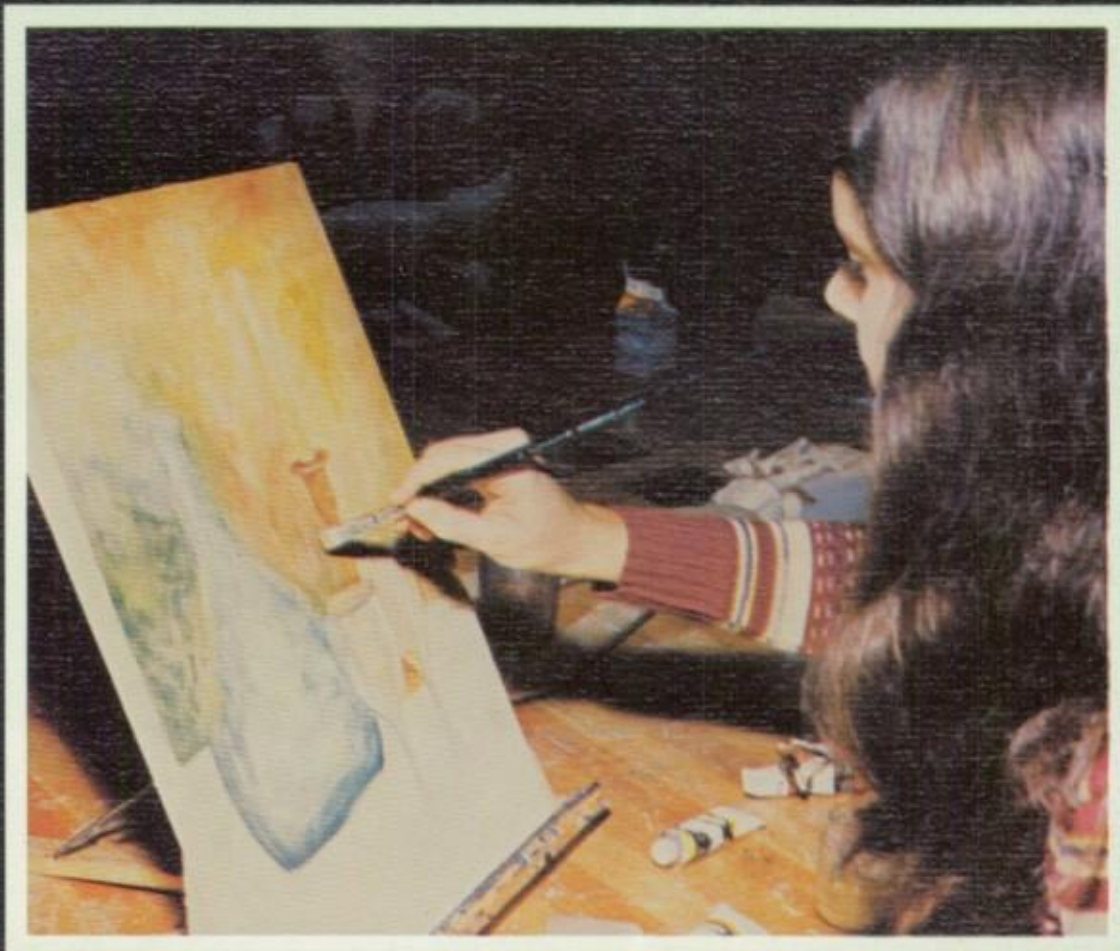

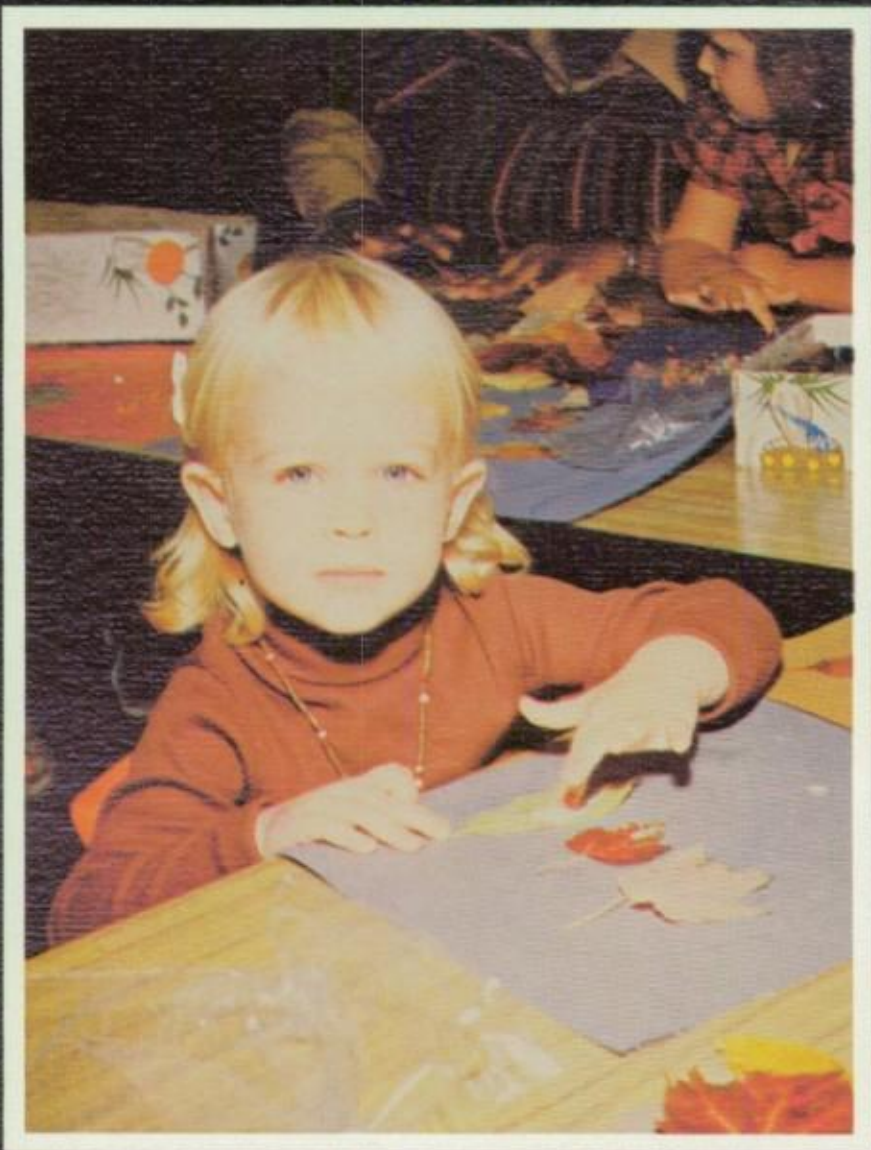

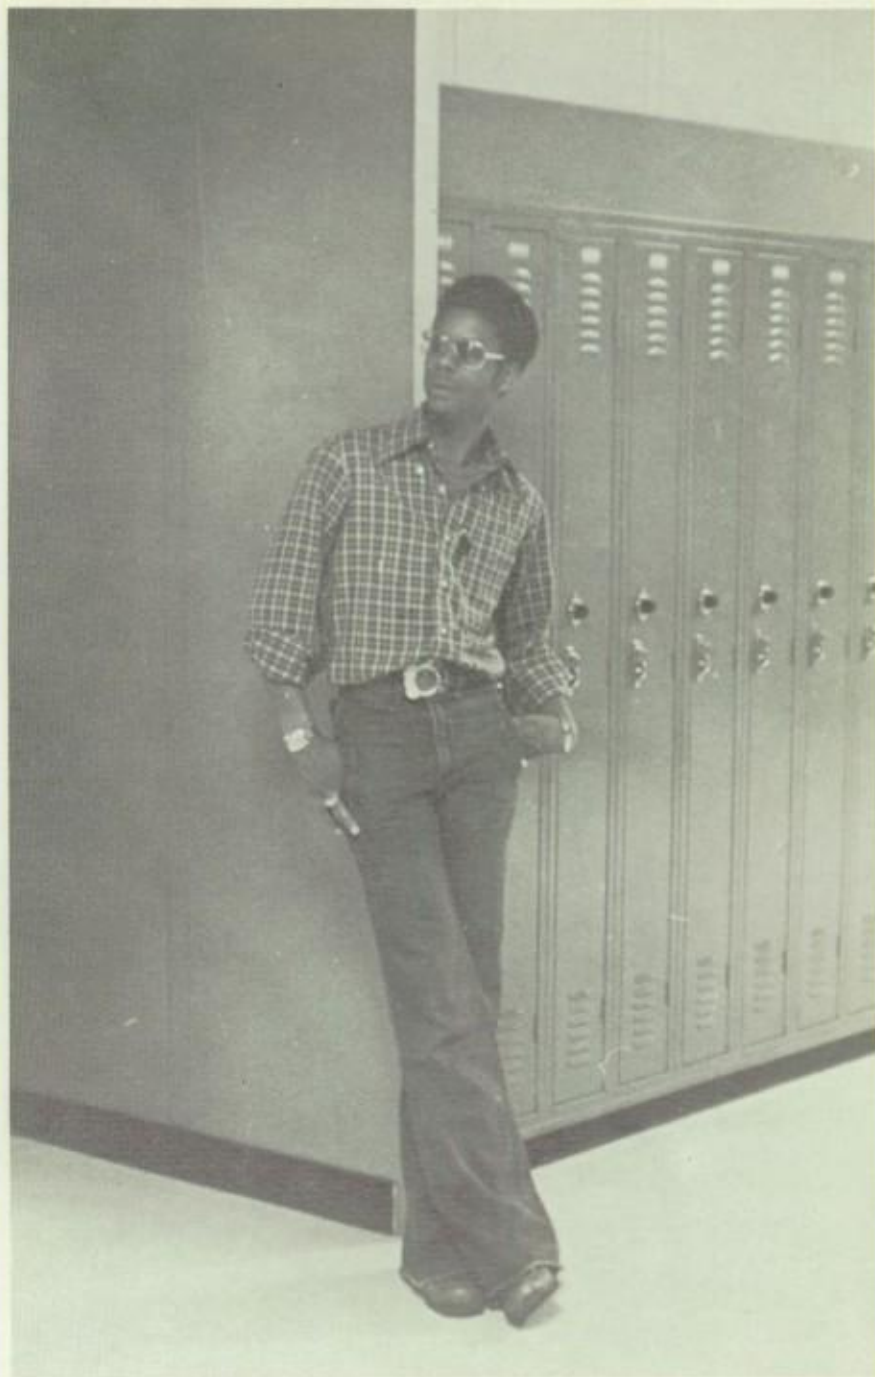

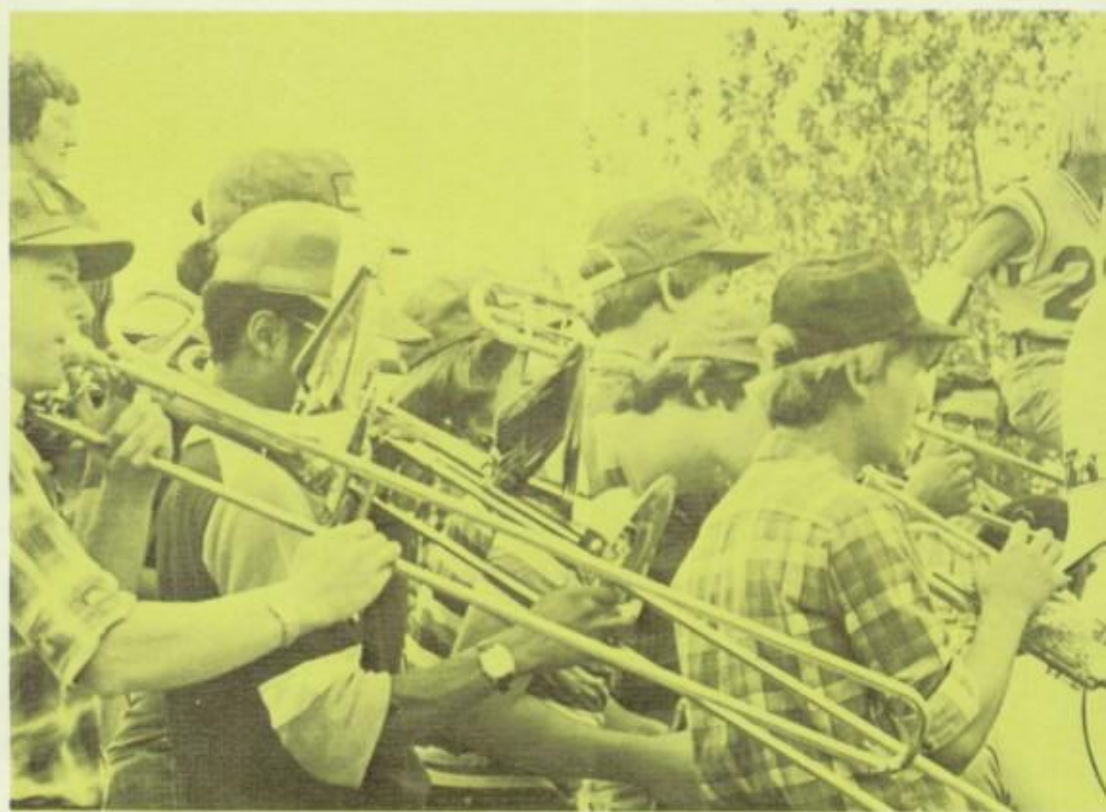

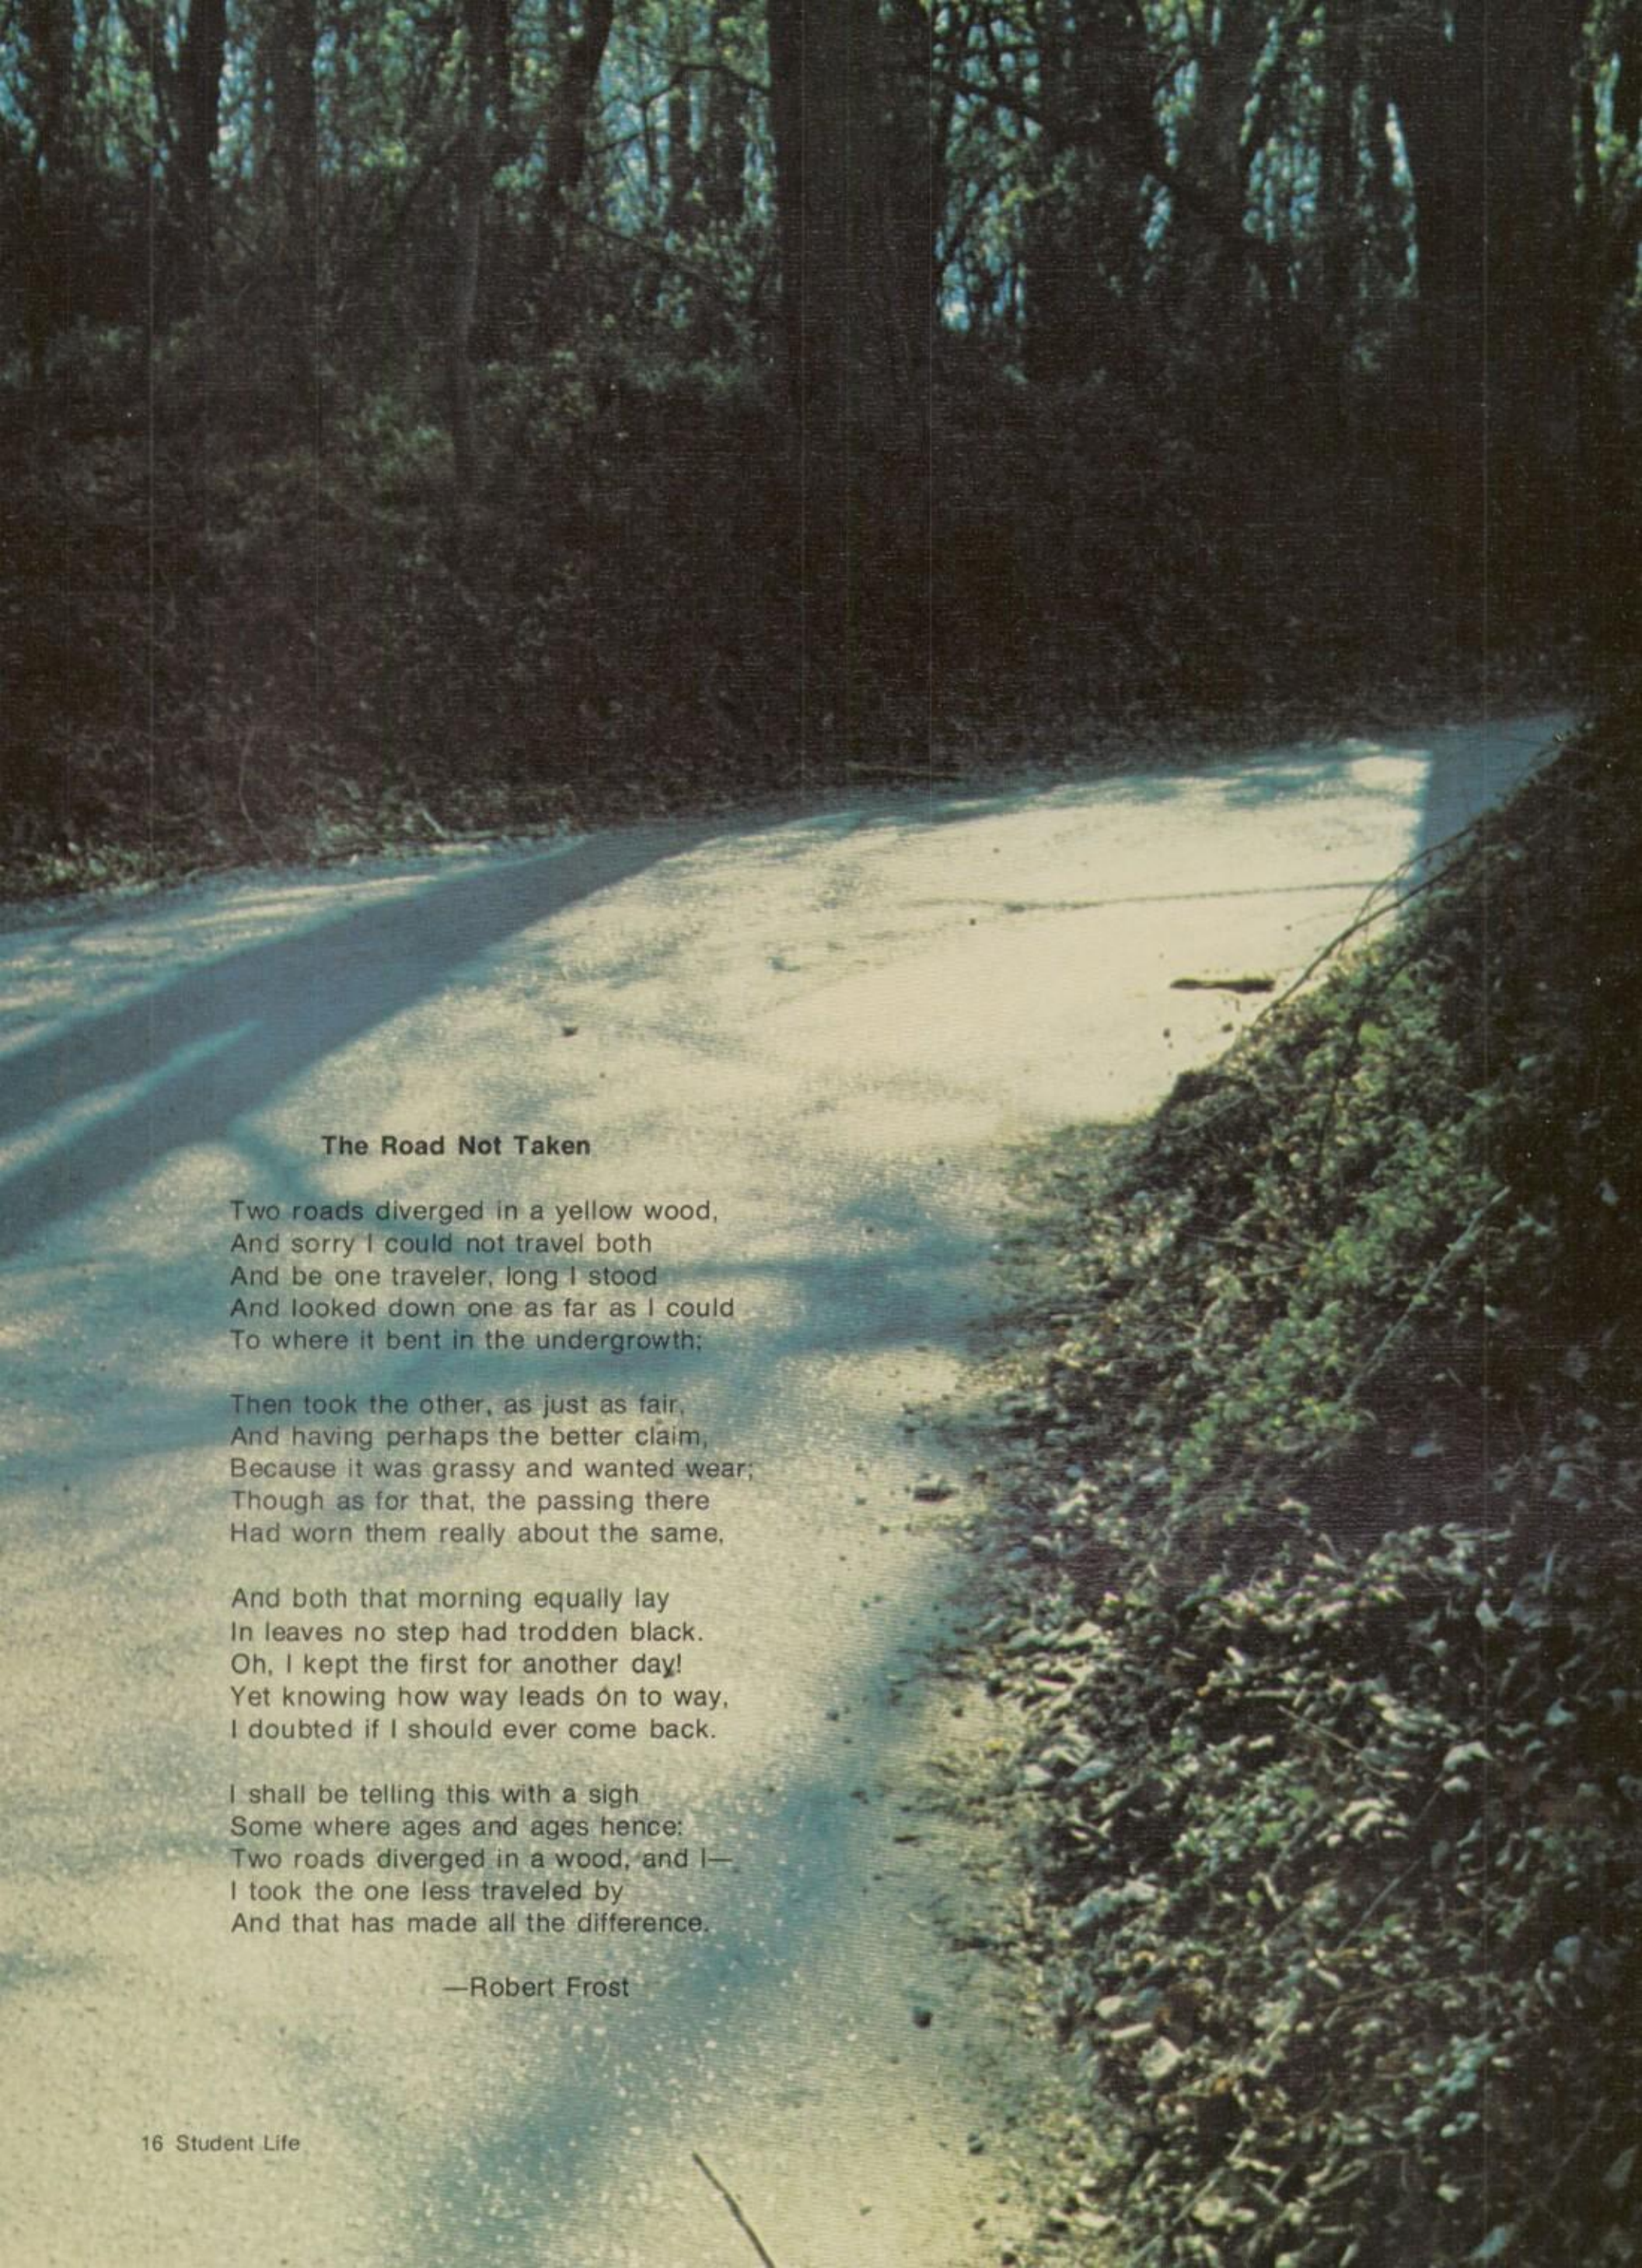

INDIVIDUALLY AND
COLLECTIVELY . . .
WE BECOME ONE,
THE STUDENT BODY

The Road Not Taken

Two roads diverged in a yellow wood,
And sorry I could not travel both
And be one traveler, long I stood
And looked down one as far as I could
To where it bent in the undergrowth;

Then took the other, as just as fair,
And having perhaps the better claim,
Because it was grassy and wanted wear;
Though as for that, the passing there
Had worn them really about the same,

And both that morning equally lay
In leaves no step had trodden black.
Oh, I kept the first for another day!
Yet knowing how way leads on to way,
I doubted if I should ever come back.

I shall be telling this with a sigh
Some where ages and ages hence:
Two roads diverged in a wood, and I—
I took the one less traveled by
And that has made all the difference.

—Robert Frost

Michael Jonathan Clarke, a senior at Seneca Valley, a close friend, and a beautiful person, lost his life this year. The following poem is in loving memory of him:

For Those Who Loved Michael

In the moments of glory,
of pride, and of fury.
In the times of need,
When your heart would bleed
And you didn't think anyone cared.
When you'd succeed, if you'd proceed,
Who was there?

Who hugged you when you were overjoyed
and held your hand when you were afraid?
Who eased the pains of growing up and
overflowed your empty cup?
Who shared the tears in times of sorrow
and shared your dreams for tomorrow?
And when you thought no one cared,
Who was there?

Whenever you made a mistake
Who was the one who wiped the slate?
Who was the one to take the time
When you were confused, to make everything rhyme?
When you felt the world was against you
and you were sure nobody cared
Think about it, if you dare
Who was there?

Take the good and the bad of what you had.
Savor the memories, eternally.

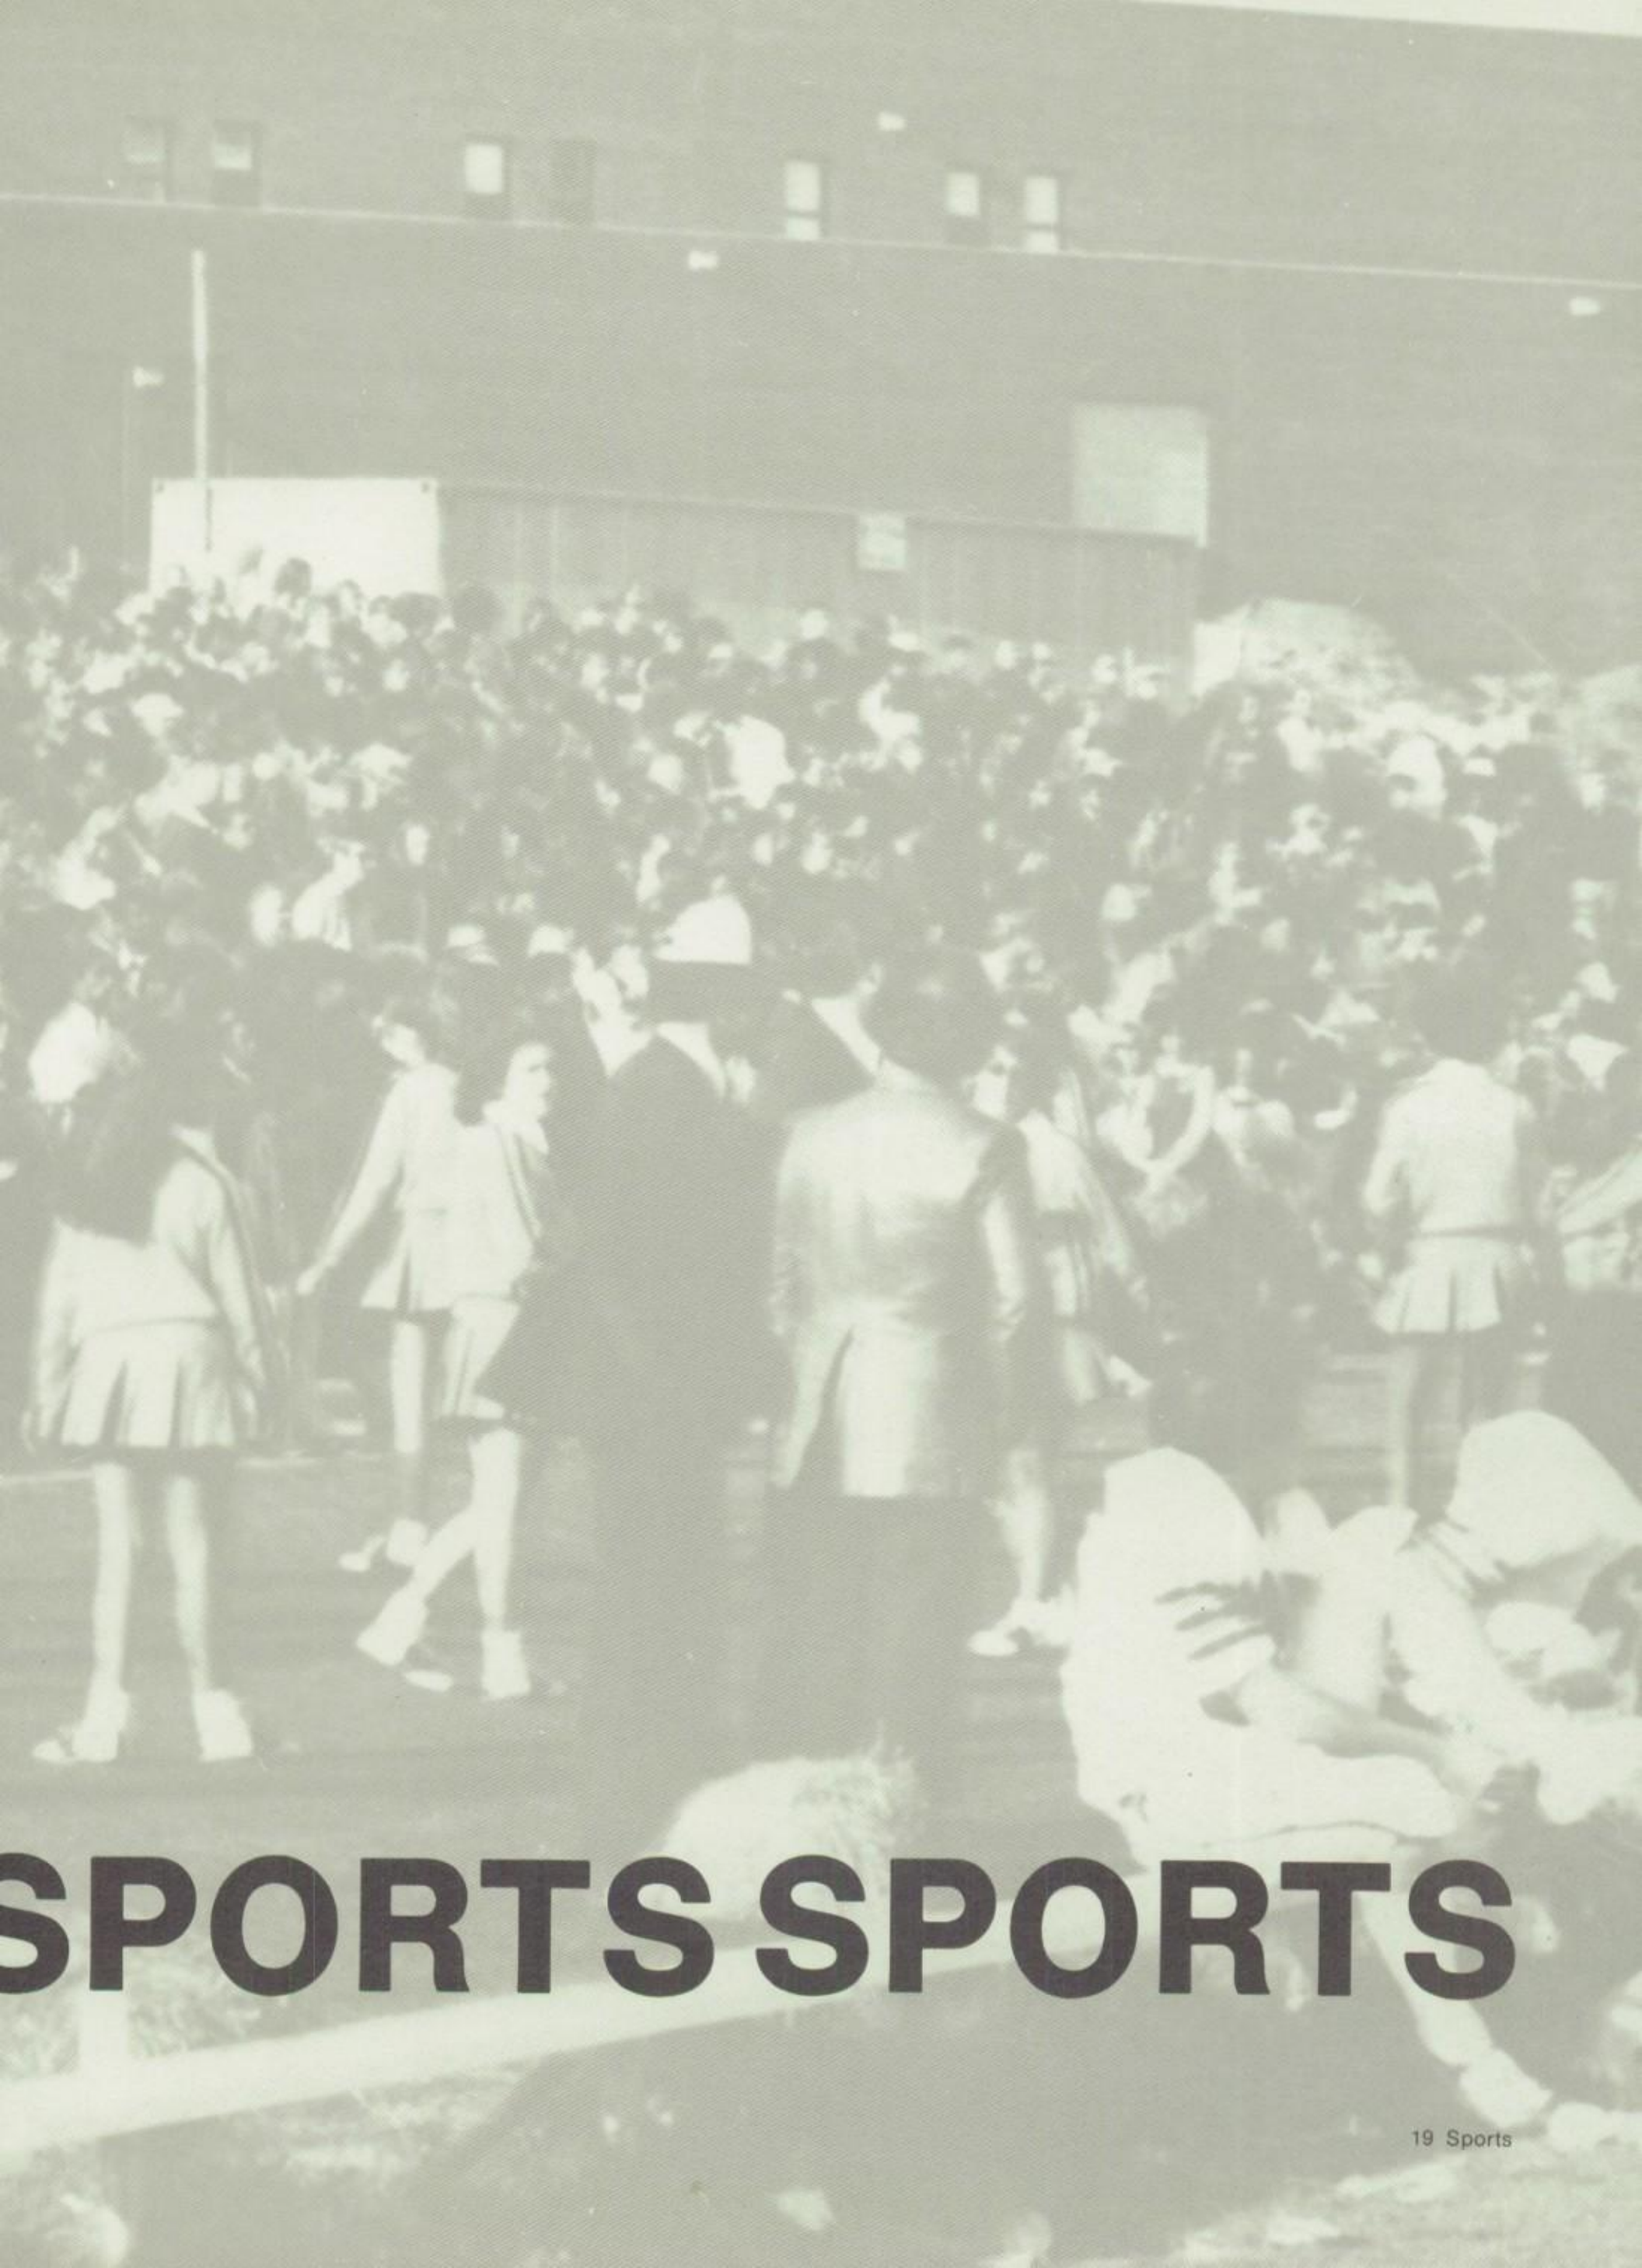

He was your friend!

Lori Snider

The 1978 Aquilian Staff wishes to
dedicate this edition to Michael Clarke.

Sophomores

When the sophomores came in September,
they knew it was the beginning:
of a lot of new challenges,
and the losing, the winning.

They looked at the school,
with their eyes in a daze,
To them it looked like one big maze.

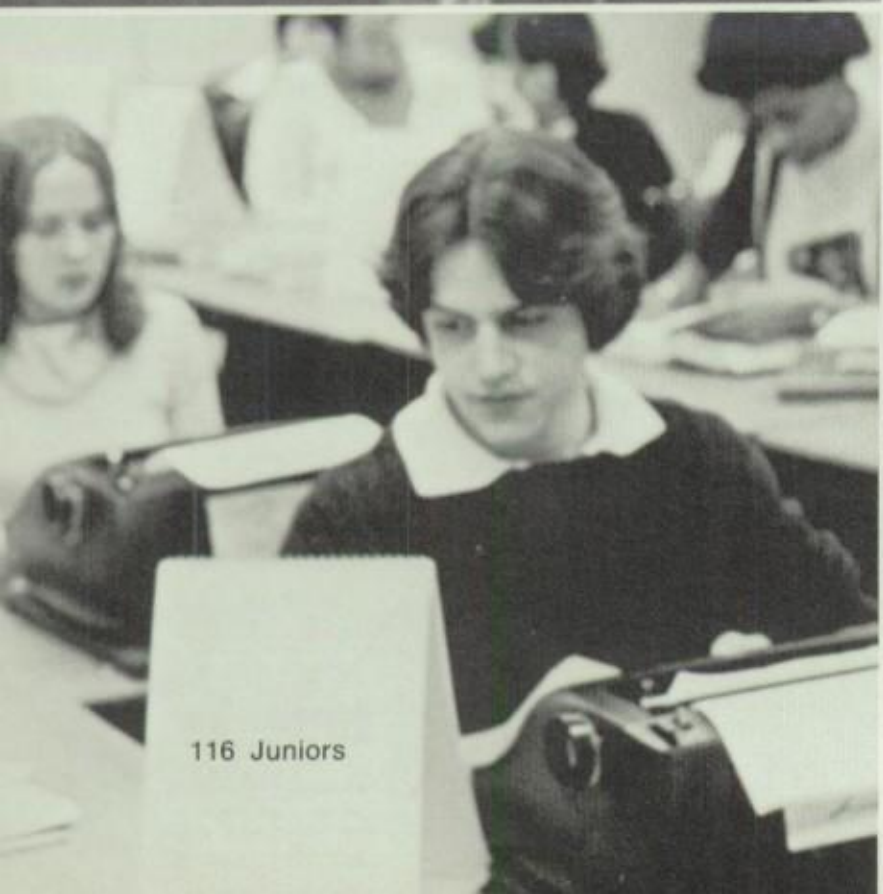

They roamed through the halls,
trying to find their way,
But the halls were too confusing,
they were lost on the First Day!

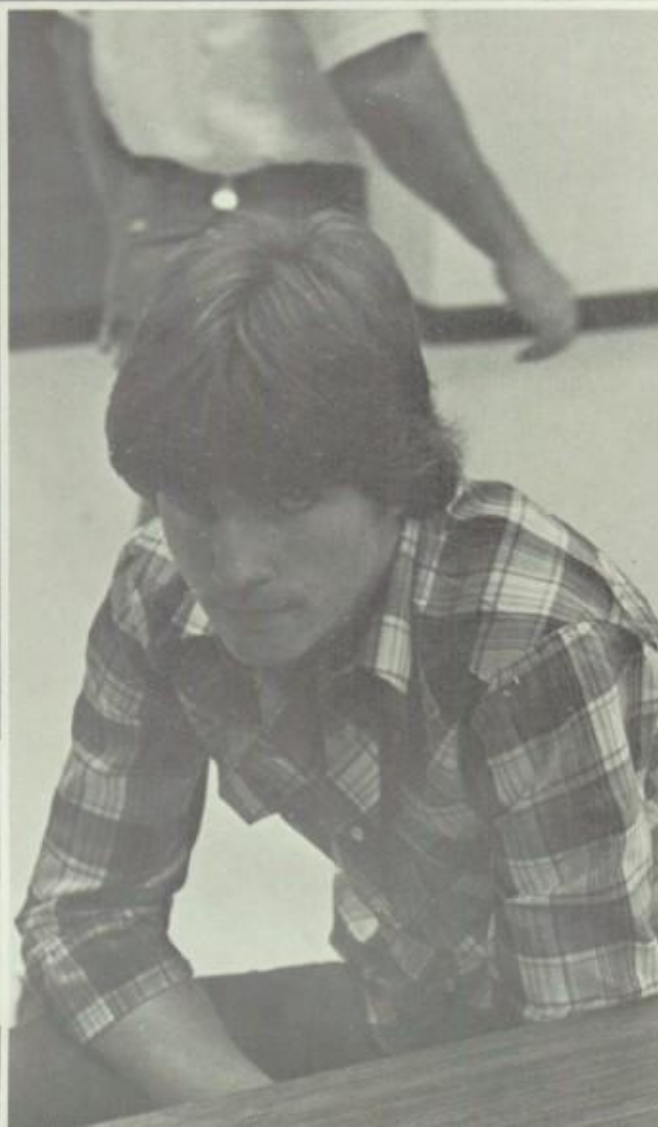

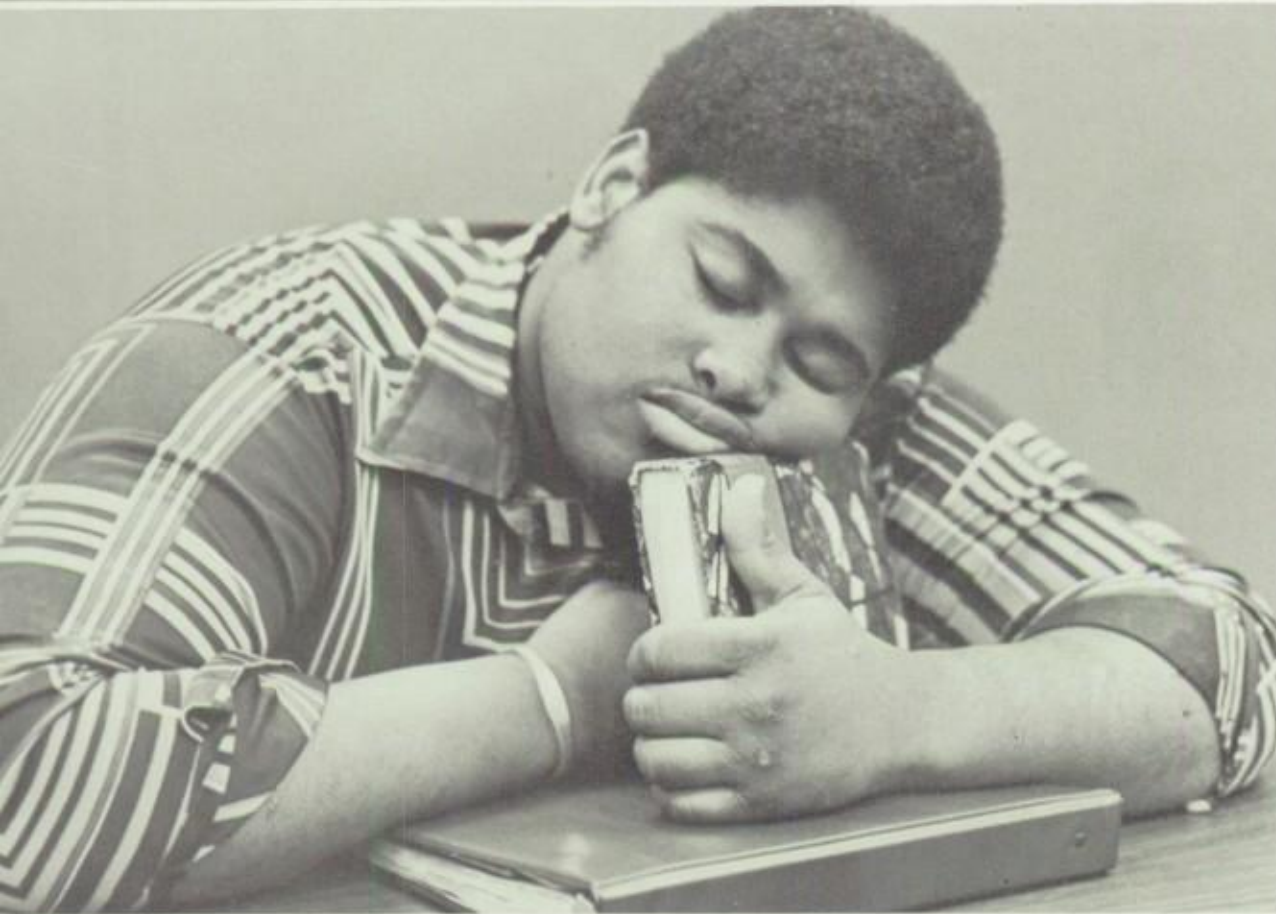

But as the days went by
they learned where to go.
Still the Juniors and Seniors
made them feel low.

The sophomores still know
they are the underclassmen,
But they'll be seniors one day
and the rivalry will start all over again.

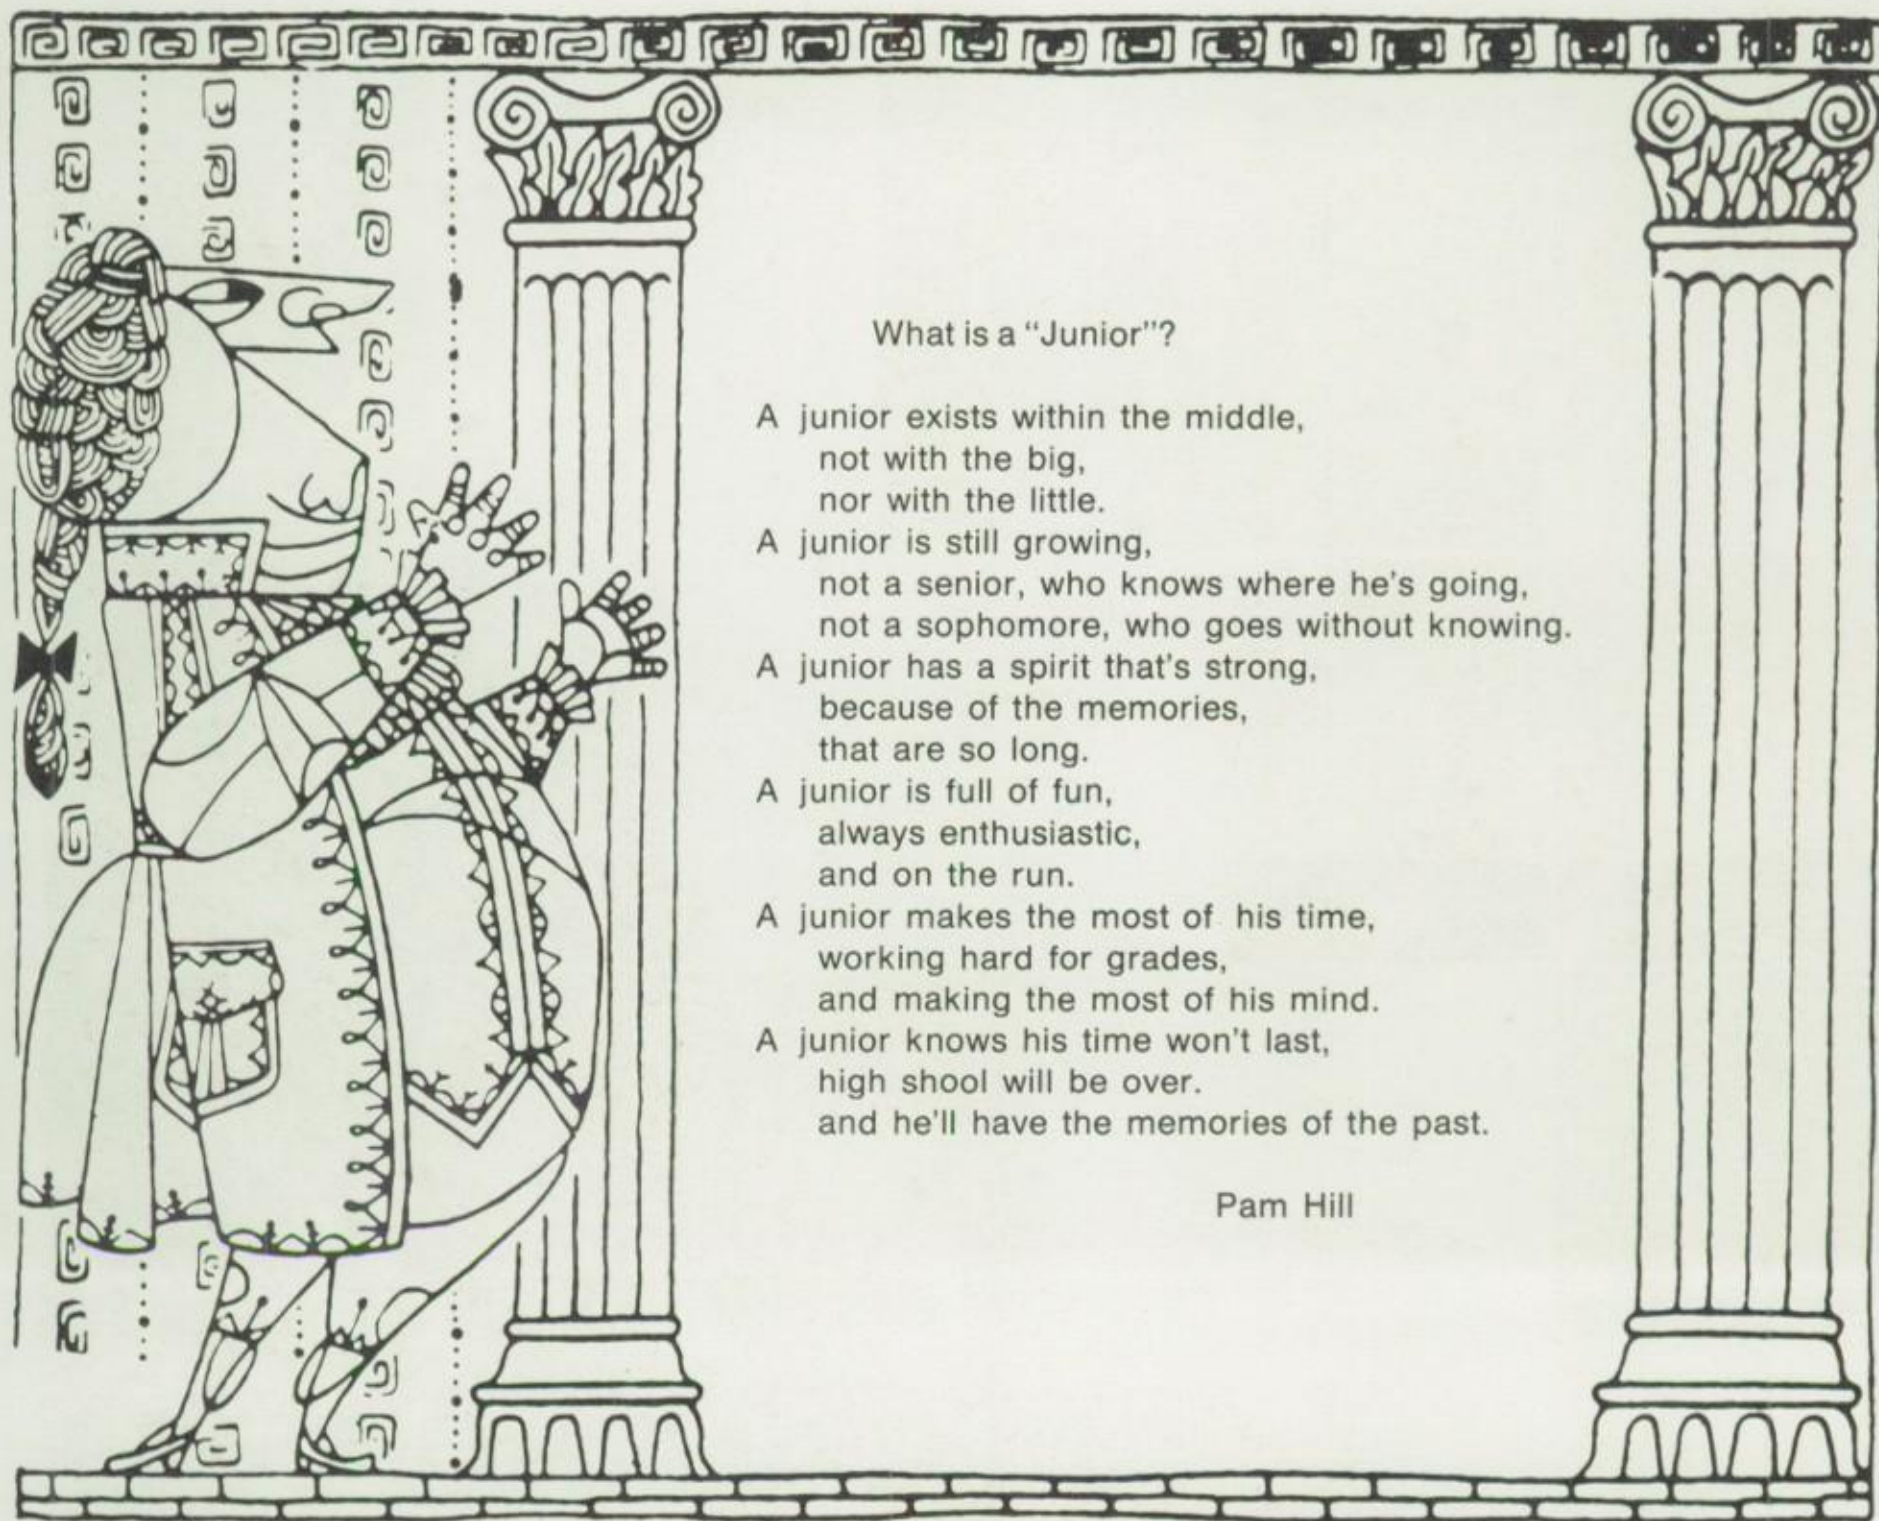

— Pam Hill

J U N I O R S

What is a "Junior"?

- A junior exists within the middle,
not with the big,
nor with the little.
- A junior is still growing,
not a senior, who knows where he's going,
not a sophomore, who goes without knowing.
- A junior has a spirit that's strong,
because of the memories,
that are so long.
- A junior is full of fun,
always enthusiastic,
and on the run.
- A junior makes the most of his time,
working hard for grades,
and making the most of his mind.
- A junior knows his time won't last,
high school will be over,
and he'll have the memories of the past.

Always remember your high school years.
Remember the laughter,
Remember the tears.

Never forget those special times.
Always remember what you've left behind.

—Dora Hartley—

Seniors

We have come so far,
through many years,
We've been through laughter,
we've been through tears.
We have learned alot,
more than we know,
We've all been given,
a chance to grow.
A chance to explore,
a chance to mature.
To make our futures
more than unsure.
As we depart,
and go our own way,
We know the memories
will always stay.
So, let's leave with smiles,
and thoughts on our mind
Of a wonderful year,
which was one of a kind!

IN MEMORY OF

Mr. John Messer (1944-1978)

Mr. John Messer

He enjoyed the simple things in life; like a coke on Friday afternoon, a basketball game, whether it be in our own gym or on television, a goose hunt on a cold wintry morning and the sincere friendship of his colleagues and students.

Since June he was engaged in a battle of life. Although this battle weakened his body, his mind grew stronger.

He obtained a trait called courage. This trait grew stronger from day to day in spite of his personal consequences, in spite of obstacles and dangers and pressures that confronted him. Fight as he may be eventually lost this battle on February 10. In losing, his only regret was that he could not watch his children grow to adults.

He leaves us with a memory of love for his fellowman, of the joy of life and the courage he obtained. He leaves us with a reality that you can gain strength, courage and confidence in every experience in which you really stop to look fear in the face ... that you can say to yourself, "I lived through the horror, I can take anything that comes along" ... that you must do the things you cannot do, for we know not what tomorrow brings ... that you should do the day's work well ... that you should live the Golden Rule to your utmost ability ... that you should bear success with humility, and that you should be ready when the day of sorrow and grief comes, to meet it with the courage befitting a man.

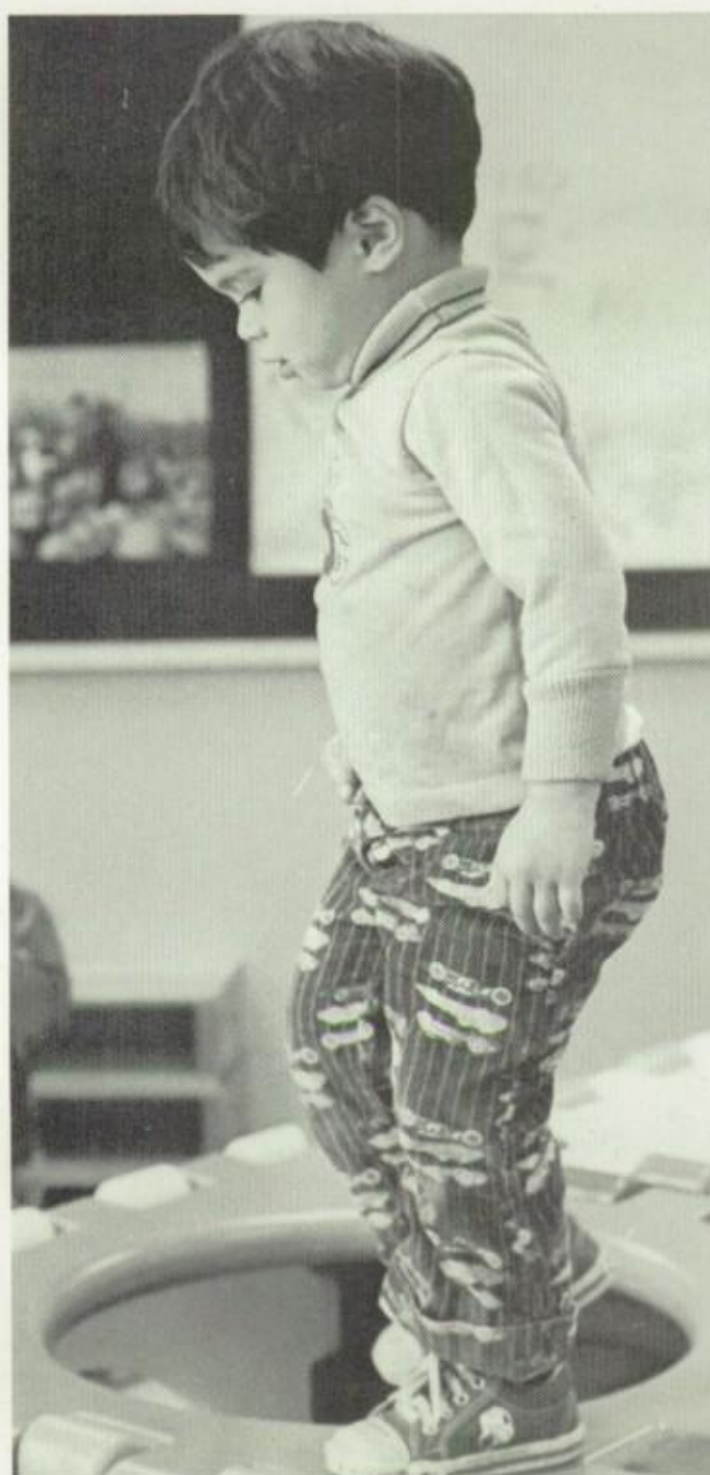

A man, such as, John Messer

MEMORIES . . .

Times of fun and laughter
like being with my friends,
filled with smiles and giggles
I thought would never end.

Time of sad and loneliness
when my love had gone away,
filled with tears and sorrow
I was hoping would not stay.

Memories are always there
behind each frown and smile,
behind the happy and the sad
they are with me all the while.

Memories are precious gifts
and should be treated well,
they stay with me forever
and are always there to tell.

So I'll keep in mind my memories
as long as I shall live,
and I won't forget while making them
they're also there for me to give.

A FRIEND'S GREETING

I'd like to be the sort of friend that you have been to me;
I'd like to be the help that you've been always glad to be;
I'd like to mean as much to you each minute of the day
As you have meant old friend of mine, to me along the way.

I'd like to do the big things and the splendid things for you,
To brush the gray from out your skies and leave them only blue;
I'd like to say the kindly things that I so oft have heard,
And feel that I could rouse your soul the way that mine you've stirred

I'd like to give you back the joy that you have given me,
Yet that were wishing you a need I hope will never be;
I'd like to make you feel as rich as I, who travel on
Undaunted in the darkest hours with you to lean upon.

I'm wishing at this time that I could but repay
A portion of the gladness that you've strewn along my way;
And could I have one wish this year, this only would it be;
I'd like to be the sort of friend that you have been to me.

Edgar A. Guest

I'd like to thank some special people for being
so thoughtful this year.

To Craig: Thank you for being such a terrific friend. You always seemed to be there when I needed you. Good luck next year and in the future. You'll be missed.

To Jackie: Thanks for being such a dedicated editor, without you we wouldn't have made it. Thanks for being a good listener too.

To Pam: You've been my best friend for twelve years and you are the best! Good luck forever. I hope you get everything you want in the future.

To Don: Thanks for being that special someone. You've made this past year the best in my life!

Mr. Weincek: Thanks for being my favorite teacher. Your class was the only one that I didn't get bored in!

To everyone: Thanks for making this year so great! I'll see you all next year!

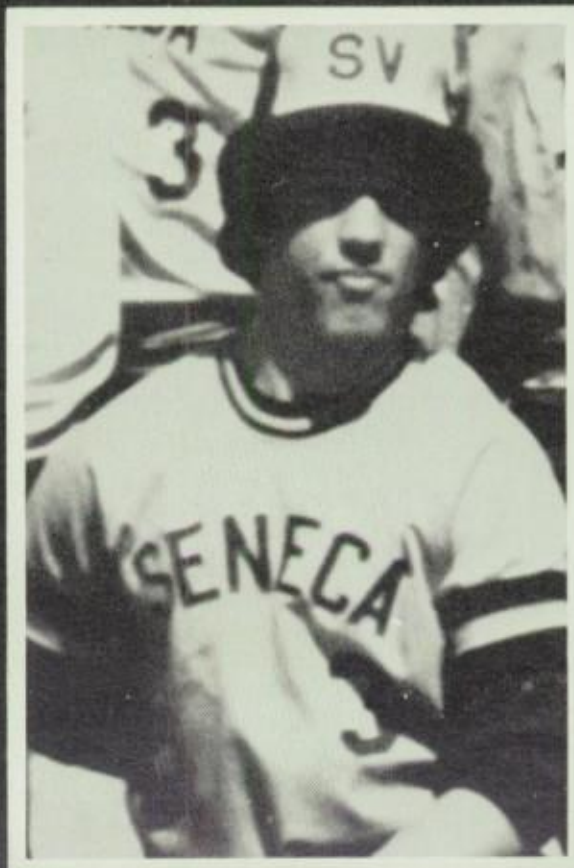

Love always,
Gloria

This yearbook is the product of lots of hard work, time, effort, and perseverance. Although many people joined the staff, when it came down to really working there were only a few people who could be counted on. I hope that if you find fault with this book you will consider giving some of your time and effort to the production on next year's book.

I would like to thank a few very special people:

Cheryl, Cynthia, and Charlene too! for being patient

Mr. Robert Turnbull — for listening and being a friend

All my teachers — Mrs. F. Davis, Mrs. Dudley, Ms. Meyer,

Mr. Palkovic, and Mrs. M. Davis — for understanding and being cooperative at deadline times.

final deadline day and for all their help — especially

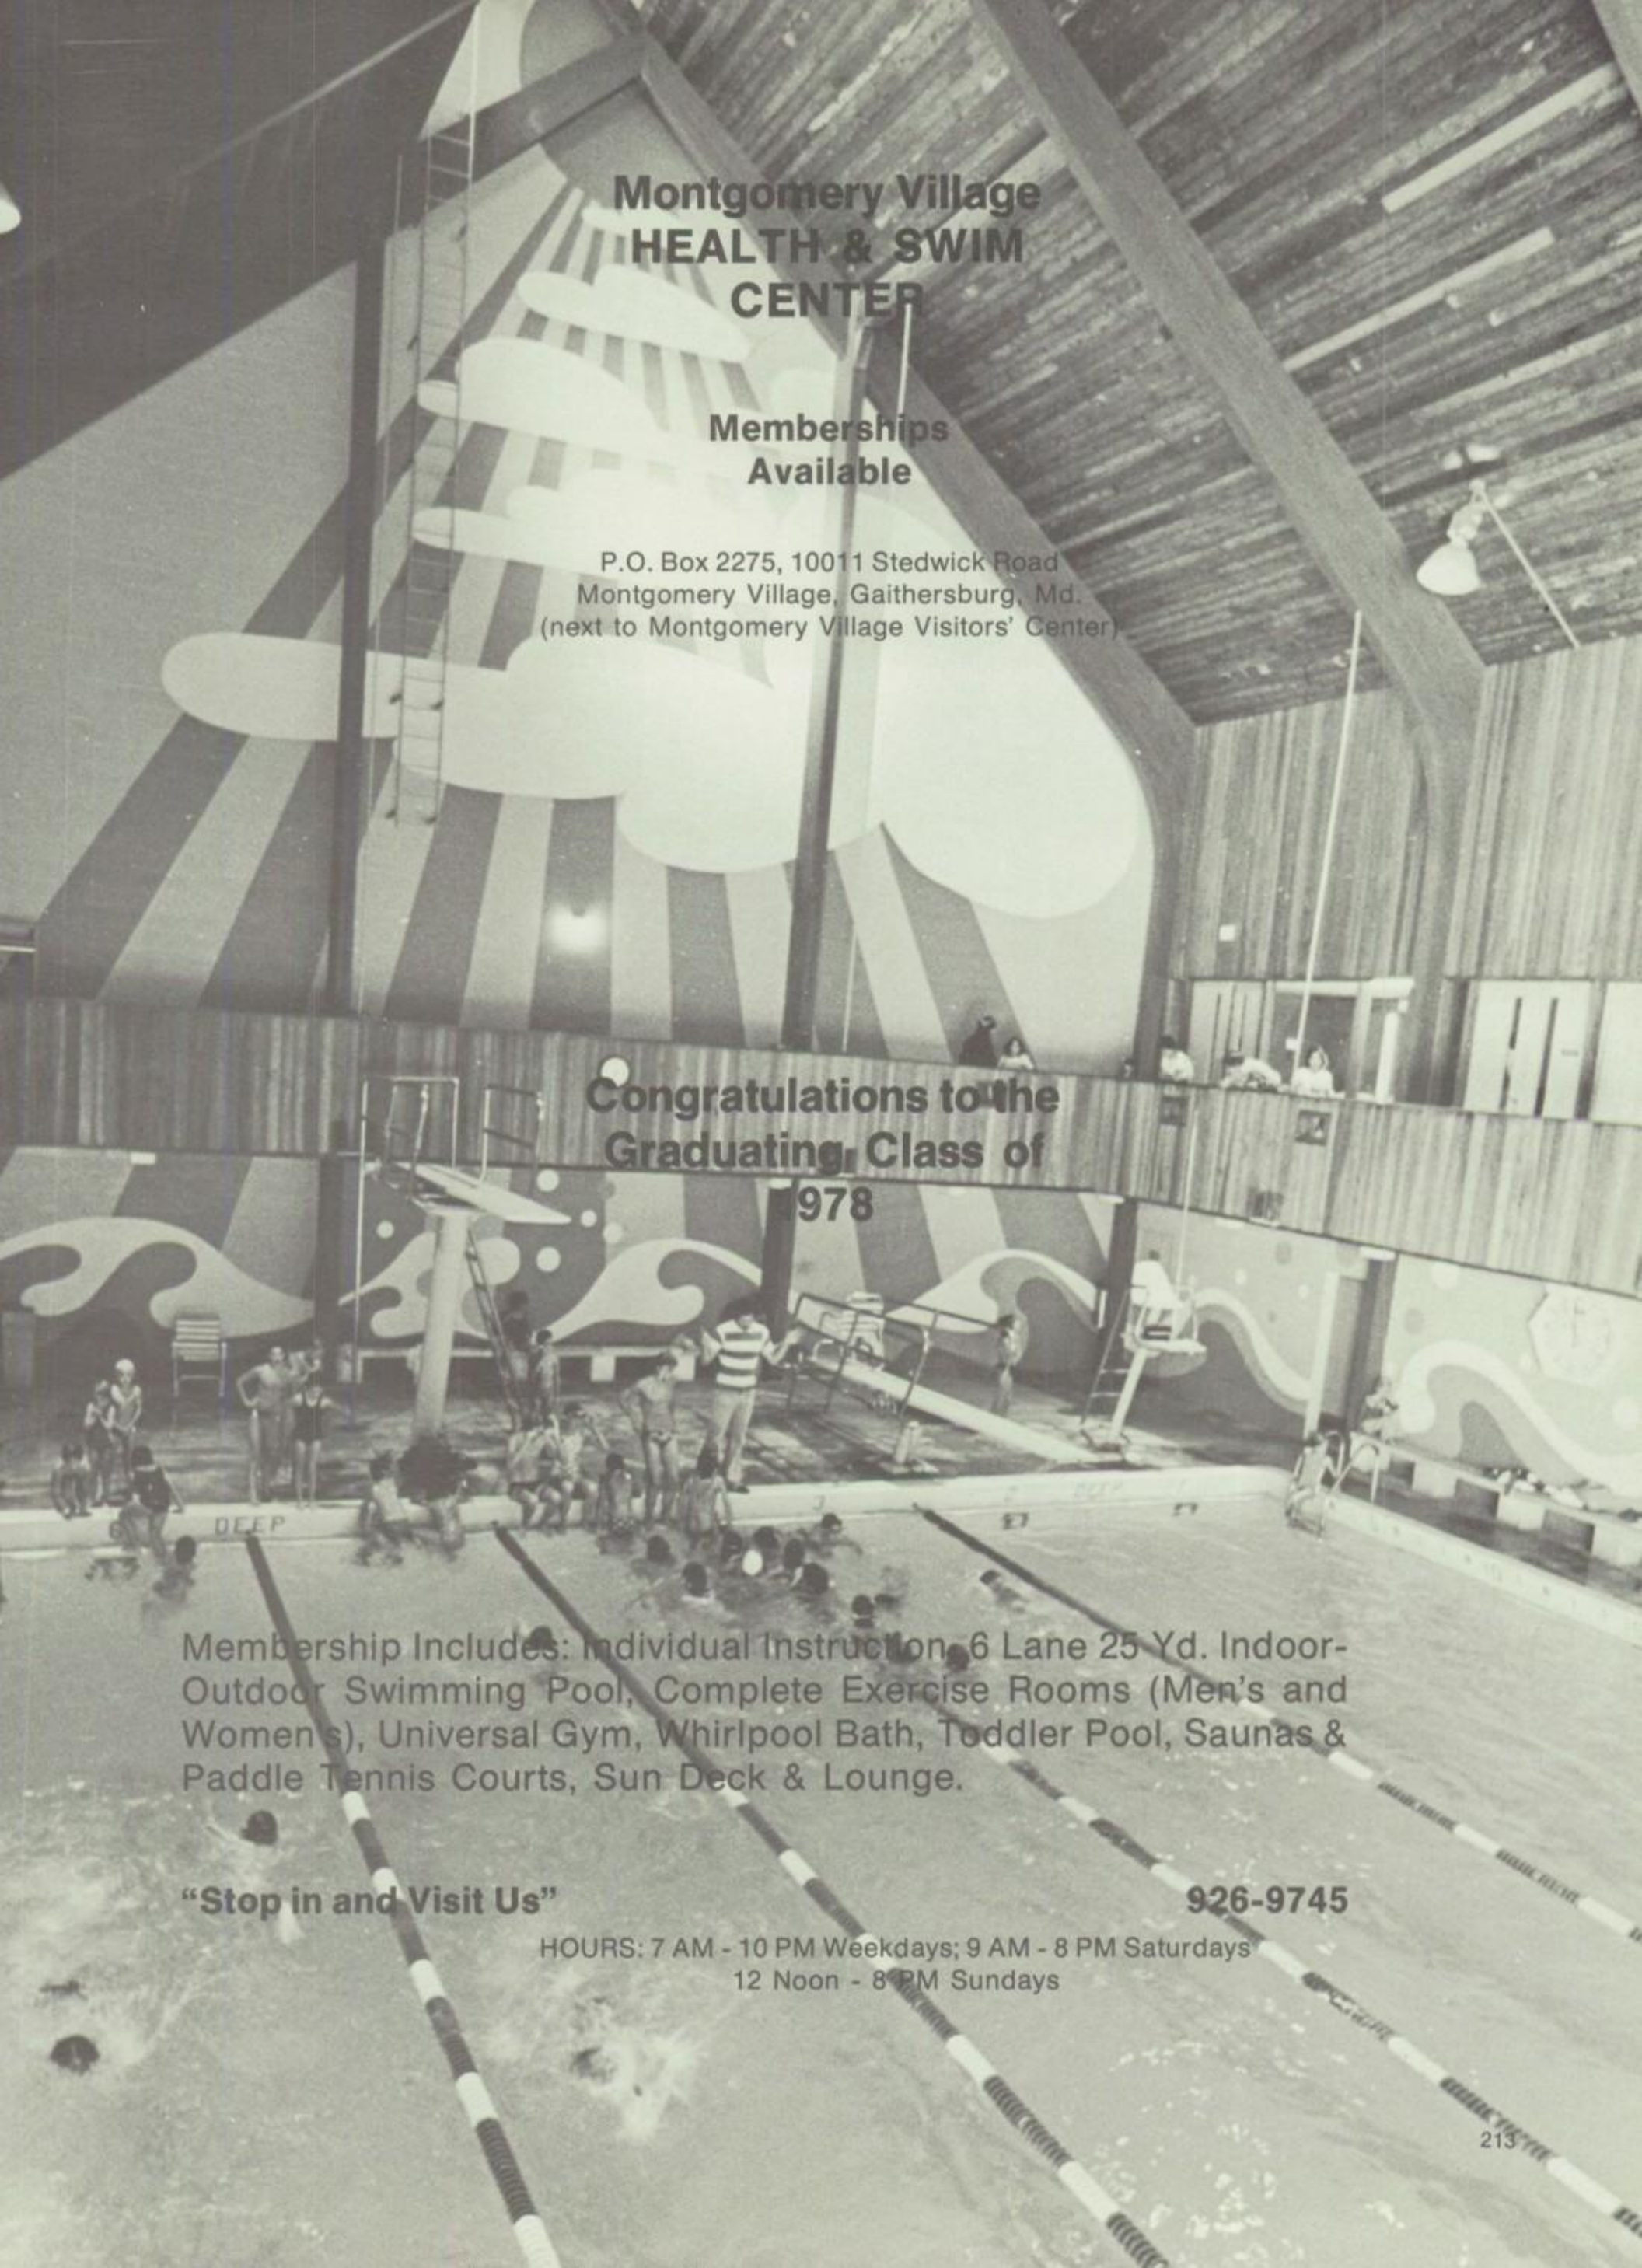

Eileen, without whose help I wouldn't have made it

and

my parents — for everything!

**Congratulations to the Class
of '78**

SONIA - all right, I'll write more
than one sentence! I feel that
we've become good friends this year,
especially in study hall + Hausman.
FUN, FUN, FUN. You swept up with a
lot about S.P.C. Good luck in all you do.

God bless.

Love,

CO

Nary Spencer '78

Three days later-- so that I wasn't
enough, right? All right, Sonia, I'll
tell you: you're an obnoxious nuisance
and you're destined for failure. Are
you happy now?? Sonia? Just
kidding. You still owe me a
trip during school to McDonalds.
So there.

Hate,

Nary Spencer

Sonia,
Too bad in 3 yrs we never had
a class together. Oh, well you've been a
great friend. Good luck always.

Liz

Sonia,
It is hard to know what to write to you there is so much I want to say to you. I have had so much fun with you in school. How could I have survived Algebra II class without you! They were such a class of dead beats! And I will always remember us telling Chris there was a quiz in Gaussman's class comparing Santiago to Willy Loman. Didn't Chris drive us crazy. Also how about us in Francais. What would I have done with out you those first few weeks when I couldn't remember any French. I'll always remember 5th period study hall. Can you believe those animals, and their football games and their sex talks. I hope high school will not be the end of our friendship keep in touch.

Love Barbara Ross

Well he, he know
you for a while now,
and I can say this now
I love you! No kidding
Really I like you a lot
you are really nice.
Good luck in the future
Love
Mark Goodell

Sonia,
What can I say? You were the first friend that I had in eighth grade when I moved to this area - a scared little kid. You made me feel welcome way back then. Now, 5 years later, I still think you're one of the smartest, sweetest people I know.

Just think of all the classes we have had together: Mr. Wise's earth science class, Mr. Long's English class; then at Seneca: Ancient History, Chemistry, English 11, English 12, French two years, and good old Physics. We sure were scared of Mr. Gaussman that first year, weren't we? This year has been a real breeze compared to it - we haven't had a quiz in over nine weeks! The only thing that was really hard was the research paper. We have learned a lot over two years though and I hope we will do O.K. in college English.

Oh, Sonia, I'm going to miss you and the rest of the people here next year. You're so lucky to be going to U. of Ta. with Sharon and rooming together. You really must come to visit me at PSU and at home (if we're all home together). Barbara Ross and I will come and visit you, too, if we have the chance.

Keep in touch this summer (my # is 948-7065) and let me know your college address as soon as you know it.

You'll do fine at college, I'm sure. Just don't work too hard, O.K.?
Best of luck there.

Love,

Anne

P.S. Keep on smiling. You don't even realize how many times you've cheered me up when I was depressed just by talking and keeping a happy face.

Dear Soma,
I don't even know why I am writing in your yearbook after that awful lie you told me. There I was perfectly convinced that you were as Italian as Leonardo d'Vinci. Suddenly, you inform me that you are from Jordan. My God that makes you as Italian as spaghetti which was invented by the Chinese. Even though I am disappointed because you're not one of us, latins I still like you. Deep inside that fluffy black hair is a smile with lots of teeth. Seriously though I think you a funny girl. (Funny means humorous not strange although sometimes...) Have a great Summer and a lot of fun at college. You're one of the few who already knows who your roommate is. I just hope you won't be sorry. Have fun.

Love

Adriane Catalina Maldonado
(Your spanish advisor at student capacity.)

Dear Sonia.

We've known each other since 8th grade!... Heavens, do you believe we've finally made it (to the day when we may never see each other again)? It's been a good five years knowing you. It was fun being able to look forward to your insane, infectious laughter. I will really miss that. I hope, whenever you might be depressed, you remember English & Gausman, 9th grade history, and the old warhorse Magee; A.F.S. & Mr. Crichton; and the horrible schoolbus - they should give you a good laugh!

Whatever the future holds for you, I wish you all the luck in the world combating it; I also hope you'll be happy in everything you do & everything that happens to you!

Dear Sonia -
I think we've really had fun in the last year - actually had 2 years. The best time was at model State Reg. - what with you & Sharon being molested etc... never a dull moment - I know you and Sharon will have fun at Virginia. I hope so.

Love
Betty
Pearson

Sonia,
Don't ever forget 3rd period! That study hall was definitely a S.O.B. Thing on the other hand, was a definite pain. Good luck in the future!! Thankyou for making both these classes more fun! Love Judy Fowler.

Sonia,
 I am really surprised that you skipped all the most important class of all. Mr. Harey's study hall. I really would be worried about failing if I had been so much fun. I just love reading in the last 2 weeks of school. (Ha, Ha, Ha). I had a lot of fun in class getting in trouble for talking to you. Good luck next year and please behave in college. Skipping gets you in a lot of trouble.
 Patty Day

Sonya Bonya,
 I'm glad I got to know this year in the most exciting class at S.V. Study Hall & Physics! At least we had a lot of laughing.

Sonia,
 Well I am glad we got to know each other this year - we shouldn't have taken so long but maybe we'll see each other in the future. Sonia, I am sorry for the joke I made about you and hope you will forget me. Good luck - we had a lot of laughing.

Love you,
 Jim Schenck
 Best of luck to you & your family.

Sonia,
 I am really surprised that you skipped all the most important class of all. Mr. Harey's study hall. I really would be worried about failing if I had been so much fun. I just love reading in the last 2 weeks of school. (Ha, Ha, Ha). I had a lot of fun in class getting in trouble for talking to you. Good luck next year and please behave in college. Skipping gets you in a lot of trouble.
 Patty Day

Sonia,
you know what
I noticed the older you
get, the more you
are and the crazier you
I'll never forget all your giggles
this year went fast, didn't it. We
had a lot of fun the past years.
Remember all the fun we had in school
& out of school. Especially Mr. Moxey's class.
how we fooled him and got away with everything
all the time. I have never seen any body that
laughs & giggles more than you; if you keep doing
this or get worse, people is going to think you should
belong to a "Cocoo's nest"!! ☺ Ha, ha, just
kidding!; alright, seriously now. I hope you will
have lots & lots of fun in college, & meet lots &
lots of nice ~~peep~~ people, gup maybe!! & stop
gossiping off in college like we did in this year. I
still haven't seen you in a bathing suit or in
the pool. I will get you sooner or later! Have a
great summer, we should do something together before
you & Sharon leave. Maybe I'll come to WA to visit
in touch! you & Sharon & my friend Jean sometimes!
Love,
Michelle

Sonia,

It has been a lot of fun in physics. It looks like you and Sharon will be friends for life. Thanks for making the class more bearable.

Love,
Craig Peters

Sonia,
It's been great knowing you. I hope we can run in to each other again. Have a happy life.
Melanie Priest

Dear Sonia,

I was really great to meeting you this year.

You are a really nice girl. I hope don't forget my name.

I wish you good luck in your future.

Love

8/2/78

AFS Student

PERU

Wilida Schuler

Sonia,
You've been real great to know. You're so smart and thanks for helping me with those problems in math. I hope you meet with success in the future. You take care now.

Love,
Dana Langhuth

P.S. The Prom was so unforgettable that I forgot to mention it - yub - well, I mentioned it. No, it wasn't that bad & I'm sure that in years to come we'll remember it a lot more than if it had been a regular boring prom. I also forgot the football games & the Dr. but we can't remember everything.

Sonia,

We are finally in the last moments of school (Halehujah!) I'm so glad that we've gotten through the last five years with a minimum of scrapes & bruises. I doubt that I could have gotten through the past few years as well without my other half. You're the best friend a girl or boy (wah, wah, wah) could have even though I do tease you a lot. I'll always remember sitting in the squishy chair in the library & critiquing (I still can't spell!) all the people (Yvonne esp.). I'll always remember Mr. Maxey (hey, girls...) & the time he caught us leaning against the wall (I caught you... as he chuckled with glee). Some of my best memories aren't in school but when we'd cruise down the streets on Saturday night & drag race. I really had a good time at your birthday dinner even though Pama kept glaring at us. We've got so much to look forward to & I'm glad that I don't have to do college alone. I know that when I'm on the verge of a nervous breakdown I can always come back to our cozy yellow & green room (think that has anything to do with 2 V?) and your laugh will cheer me up! I am getting excited about all the stuff we have to get & I know we'll prove all the predictions that we'll turn into two snarling enemies completely false! I can't wait until we go to the beach & pick up guys. I really love your new bathing suit & I'm sure you'll be followed by hundreds of bronzed bodies (I hope you'll throw me a few leftovers). Well, roomie I guess I better conclude since we're getting ready to practice for the procession & I don't want to tip down the sick while writing.

Love,

Sharon (your fellow "bright one")

Sonia,
 I've known you since 10th grade. You're so good in math. You're so funny. I always laugh. Good luck to you. Never forget good ole S.V.H.S.

Love Maria Maldonado

Sonia,
 I wish you the best of luck in your college study hall.
 Maggie

Sonia,
 I hope you have a great time going to college in Virginia. I'm glad you were in my study hall class and I hope to see you during the summer. Take care of yourself and enjoy life.
 Love Philip.
 Matt

Good luck to Sonia,
 a very pleasant & neat physics student, and studious member of my "study" hall (usually).
 Mr. Mahoney

Well Sonia, I hope you have a great time in Virginia. I wish you the best of luck in your college study hall. Love Maria Maldonado

Mr. Mahoney, I hope you have a great time in Virginia. I wish you the best of luck in your college study hall. Love Maria Maldonado

Don't worry
It was a
tough year this
year without
Polkovic's chemistry
class. Remember how I
always helped you and I know
how you lab's while Bradford
blew your mind? & take it easy and
don't believe everything you hear.
See ya,
Polly Lee
